INDEPENDENT AUDITOR'S REPORT

Honorable Board of County Commissioners
Nye County, Nevada
Tonopah, Nevada

Report on the Financial Statements

I have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Nye County, Nevada (the County), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions

Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2013, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund, Education Endowment Fund and Repository Oversight Fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and schedule of funding progress on pages 3-9 and 54 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the combining and individual nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

I also have previously audited, in accordance with auditing standards generally accepted in the United States of America, the County's basic financial statements for the year ended June 30, 2012, which are not presented with the accompanying financial statements and I expressed unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information. That audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements as a whole. The combining and individual fund financial statements, related to the 2012 financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2012 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of those basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the 2012 combining and individual fund financial statements are fairly stated in all material respects in relation to the basic financial statements from which they have been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued my report dated December 12, 2013 on my consideration of the County's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering County's internal control over financial reporting and compliance.

Las Vegas, Nevada

Nye County, Nevada
Management's Discussion and Analysis
June 30, 2013

The Management Discussion and Analysis ("MD&A") introduces the financial reports for Nye County, Nevada. The MD&A is designed to give the reader an easy-to-understand overview of the County's financial position and results of operations for the year.

Financial Highlights

The County's primary revenue sources for governmental activities were property taxes \$19,662,103, consolidated taxes \$13,110,792 and Fuel Taxes \$4,852,227. These revenue sources comprised 35.03%, 23.36%, and 8.65% respectively, or 67.04% of total governmental activities revenues.

The County's total expenses were \$61,053,049. The greatest expenses were in the General Government function for \$17,479,270 and the Public Safety function for \$19,444,645. Business-type activities contributed \$1,694,974 to total expenses.

At the end of the fiscal year, the fund balance for the General Fund was \$907,518.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements which are composed of government-wide financial statements, fund financial statements, and accompanying notes. This report also contains required supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the County's assets and liabilities, with the difference between the two reported as net position. Overtime, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation and sick leave).

The government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, judicial, public safety, public works, health and sanitation, welfare, culture and recreation, community support, intergovernmental, other, and interest on long-term debt.

Nye County, Nevada
Management's Discussion and Analysis
June 30, 2013

Fund Financial Statements

A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds:

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances for the General Fund, Education Endowment, and Repository Oversight, each of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds are provided in the combining and individual fund statements and schedules.

The County adopts an annual appropriated budget for each of its governmental funds. A budgetary comparison statement is provided for each of the County's governmental funds to demonstrate compliance with the budget.

Proprietary Funds:

The County maintains two distinct types of proprietary funds.

Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses an enterprise funds to account for its water and sewer activities in the Town of Gabbs, water activities in the Town of Manhattan and its County Solid Waste activities.

Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The County uses internal service funds to account for the Self-insurance activities.

Fiduciary Funds:

The County's fiduciary funds consist of 18 agency funds. The private trust fund is the Flint Scholarship fund. The agency funds are used to hold monies for other entities or individuals until disposition. The agency funds consist of Pahrump Town, Tonopah Town, Round Mountain Town, Amargosa Town, Pahrump Library, Amargosa Library, Beatty Library, Tonopah Library, Smoky Valley Library, Smoky Valley Television, Property, Habitat Construction and Mitigation, State of Nevada, Range Improvement, State Medical Indigent, Nye County School District, Beatty General Improvement District and Endangered Species Act.

Nye County, Nevada
Management's Discussion and Analysis
June 30, 2013

Notes to Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information including historical information on tax rates for the County's overlapping taxing districts.

It also includes a schedule of budgetary comparisons for both the original and final budgets of the general fund and the various other County funds.

The combining statements and individual fund schedules are presented immediately following the required supplementary information.

Budgetary Highlights

The original budget (2012-2013 Final Budget) was approved May 21, 2012. Nevada Revised Statutes require that the County legally adopt budgets for all funds. Budgets are prepared in accordance with generally accepted accounting principles. Budgeted amounts reflected in the accompanying financial statements recognize amendments made during the year. The final appropriated budget is prepared by fund and function. All appropriations lapse at year-end.

Total actual expenditures for the General Fund during fiscal year 2013 were approximately \$947,713 less than budgeted. The public safety function was over budget by \$239,837.

Revenues in the General Fund exceeded the budget by \$461,292. Net proceeds and consolidated taxes were higher than anticipated. General government expenditures and Judicial were lower than budget by \$650,158 and 302,973 respectively.

Total Net Position	<u>\$ 121,435,464</u>	<u>\$ 125,622,339</u>	<u>\$11,276,245</u>	<u>\$10,178,426</u>	<u>\$ 132,711,709</u>	<u>\$ 135,800,765</u>

As noted earlier, net position may serve over time as a useful indicator of the County's financial position. Assets exceeded liabilities by \$132,711,709 as of June 30, 2013.

The largest portion of the County's net position 66.95% reflects its investment in capital assets (e.g., land, buildings, machinery and equipment, etc.); net of any related debt outstanding used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate the debt.

The County's restricted net position represent resources that are subject to restrictions on how they may be used.

The remaining portion of the County's net position is unrestricted and may be used to meet the County's ongoing obligations to citizens and creditors.

Program revenues included charges for services, fines and forfeitures, certain licenses and permits, special assessments, and both operating and capital grants and contributions.

General revenues consist of taxes and interest. For governmental activities, the largest revenues were ad valorem taxes and the second largest revenue was consolidated taxes. The business-type revenues are from charges for services related to Gabbs Utility, Manhattan Utility, and Solid Waste.

Governmental Funds:

The focus of the County's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the County's financing requirements.

Nye County, Nevada
Management's Discussion and Analysis
June 30, 2013

As of the end of the current fiscal year, the County's governmental funds reported a combined ending fund balance of \$52,756,167. This was a decrease of 9.25% over the previous year.

General Fund

The General Fund is the chief operating fund of the County. At the end of the current fiscal year, the fund balance of the General Fund was \$907,518.

Key factors in the change in fund balance in the General Fund are as follows:

Revenues increased by \$1,054,335 or 3.25%. Tax revenue increased by \$295,641 or 2.22%, due to increase in net proceeds. Intergovernmental revenues increased by \$285,704 or 1.93%, due to an increase in consolidated tax.

Expenditures decreased by \$476,814 or 1.44%. General government expenditures decreased \$223,690 or 2.03%. Judicial expenditures decreased \$186,646 or 2.71%.

Capital Assets and Debt Administration

Capital Assets

The County's investment in capital assets, net of accumulated depreciation at June 30, 2013, was \$110,683,524 for the governmental activities and \$3,849,765 for the business type activities. Detail by type of activity and asset is summarized in the table below. A summary of changes in capital assets for the year ended June 30, 2013 follows:

Governmental-type activities	Balance June 30, 2012	Additions	Deletions	Transfers	Balance June 30, 2013

NYE COUNTY, NEVADA
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
June 30, 2013

Total fund balance - governmental funds	\$ 52,756,167
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets net of the related depreciation are not reported in the Governmental Funds financial statements because they are not current financial resources, but they are reported in the statement of net position.	110,683,524
Other long-term assets are not available to pay for current period expenditures and, therefore, are deferred in the funds.	2,003,438
Certain liabilities (such as bonds payable and capital leases payable) are not reported in the Governmental Funds financial statements because they are not due and payable, but they are presented as liabilities in the statement of net position.	(44,049,773)
Assets and liabilities of the Internal Service Funds are not reported in the Governmental Funds financial statements because they are presented on a different accounting basis, but they are presented as assets and liabilities in the statement of net position.	42,108
Total net position - governmental activities	<u>\$ 121,435,464</u>

The notes to the financial statements are an integral part of this statement

The notes to the financial statements are an integral part of this statement.

NYE COUNTY, NEVADA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED June 30, 2013

Net Change in Fund Balance - Governmental Funds \$ (5,382,657)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net position and allocated over the estimated useful lives as annual depreciation expenses in the statement of activities.

1,772,411

Property taxes that are collected in time to pay obligations of the current period are reported as revenue in the fund statements. However, amounts that relate to prior periods that first become available in the current period should not be reported as revenue in the statement of activities.

1,331,256

The issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts and other similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

(2,494,648)

The net losses of the Internal Service Funds are not reported in this fund financial statement because they are presented on a different accounting basis (in the proprietary fund financial statements), but they are presented in the statement of activities.

(43,509)

Generally, expenditures recognized in fund financial statements are limited to only those that use current financial resources, but expenses are recognized in the statement of activities when incurred.

1,582,439

Change in net position of governmental activities \$ (3,234,708)

The notes to the financial statements are an integral part of this statement.

NYE COUNTY, NEVADA
Notes to Financial Statements
June 30, 2013

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

1. Reporting Entity

Nye County, Nevada is a municipality governed by an elected five member board. As required by generally accepted accounting principles, these financial statements present Nye County, Nevada (the primary government) and its component units. Blended component units, although legally separate entities are, in substance, part of the County's operations.

2. Blended Component Unit

The Nye County Water District serves all the citizens of the County and is governed by an advisory board. The District activity is reported as a special revenue fund.

3. Basic Financial Statements

The County's basic financial statements consist of government-wide statements and the fund financial statements. The government-wide statements include a Statement of Net Position and a Statement of Activities. The fund financial statements include financial information for the three fund types: governmental, proprietary and fiduciary. Reconciliations between the fund statements, the Statement of Net Position, and the Statement of Activities are also included along with Statements of Revenues, Expenditures and Changes in Fund Balances for the County's General Fund and its other major funds.

4. Government-wide Financial Statements

The government-wide financial statements are made up of the Statement of Net Position and the Statement of Activities. These statements include the aggregated financial information of the County as a whole, except for fiduciary activity. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. For the most part, the effect of interfund activity has been removed from these statements.

The Statement of Net Position presents the consolidated financial position of the County at year-end, in separate columns, for both governmental and business-type activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or program is offset by program revenues. Direct expenses are those that are specifically associated with a program or service and are, therefore, clearly identifiable to a particular function. Program revenues include operating grants and contributions and investment earnings legally restricted to support a specific program. Taxes and other revenues properly not included among program revenues are reported instead as general revenues. This statement provides a net cost or net revenue of specific programs and functions within the County. Those functions with a net cost are generally dependent on general-purpose tax revenues, such as property tax, to remain operational.

5. Fund Financial Statements

The financial accounts of the County are organized on the basis of funds each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts comprised of assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

The presentation emphasis in the fund financial statements is on major funds for governmental funds. Major individual governmental funds are required to be reported in separate columns on the fund financial statements. Major funds are determined based on minimum criteria set forth in GASB Statement Number 34. The County may also display other funds as major funds if it believes the presentation will provide useful information to the users of the financial statements.

NYE COUNTY, NEVADA
Notes to Financial Statements
June 30, 2013

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Measurement Focus, Basis of Accounting, and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Gross receipts and sales taxes are considered "measurable" when in the hands of intermediary collecting governments and are then recognized as revenue. The government considers revenues to be "available" if they are collected within 60 days of the end of the current fiscal period. Anticipated refunds of taxes are recorded as liabilities and reductions of revenue when they are measurable and the payment seems certain. In general, expenditures are recorded when liabilities are incurred. The exception to this rule is that principal and interest on debt service, as well as liabilities related to compensated absences and claims and judgments, are recorded when payment is due.

The major revenue sources of the County include ad valorem (property) taxes and consolidated taxes.

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided and 2) grants and contributions that are restricted to meeting the operational or capital requirements. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

The County reports the following major governmental funds:

General Fund - The General Fund is the general operating fund of the County. It is used to account for all resources and cost of operations traditionally associated with governments, which are not required to be accounted for in other funds.

Education Endowment Fund - The Education Endowment Fund is used to account for funds allocated for the educational needs of County residents.

Repository Oversite Fund - The Repository Oversite Fund is used to account for federal monies received to determine the impacts to the county in the event that a national nuclear waste facility is located within the County.

The County reports the following major enterprise fund:

Solid Waste Fund - The Solid Waste Fund is used to account for garbage disposal throughout the County. Additionally the County reports the following fund types:

Proprietary Fund:

Enterprise Fund -

Gabbs Utility Water Fund - The Gabbs Utility Water Fund accounts for the Town of Gabbs delivery of water services.

Gabbs Utility Sewer Fund - The Gabbs Utility Sewer Fund accounts for the Town of Gabbs delivery of sewer services.

Manhattan Utility Fund - The Manhattan Utility Water Fund accounts for the Town of Manhattan delivery of water services.

NYE COUNTY, NEVADA
Notes to Financial Statements
June 30, 2013

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Measurement Focus, Basis of Accounting, and Basis of Presentation (Continued)

Internal Service Fund - The Internal Service Fund is used to account for the financing of goods or services provided by one department to other departments of the County on a cost reimbursement basis. Currently, there is one Internal Service Fund.

Self Insurance Fund - The Self Insurance Fund is used to account for property damage claims of the County.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, are generally followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The County has elected not to follow this subsequent private-sector guidance.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue for the Self Insurance Fund is insurance proceeds for damage claims. Expenses are for property repair or replacement. The principal operating revenues of the Gabbs and Manhattan Utility Funds are customer charges. Expenses are those required to provide the service. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The principal operating revenues of the Solid Waste Fund are fees charged for use of the landfill. Expenses are those required to provide the service.

Fiduciary Funds:

Private Purpose Trust Fund - The F.H. Flint Scholarship Trust Fund is used to account for funds held in trust for educational scholarships of qualified County residents.

Agency Funds - The Agency Funds are used to account for assets held by the County in an agency capacity for others and cannot be used to support the government's own programs.

7. Assets, Liabilities, and Equity

a. Pooled Cash and Investments

The County maintains a cash and investment pool that is available for use by all funds. At June 30, 2013, this pool is displayed on the financial statements as "Pooled cash and investments".

The County's cash and cash equivalents are considered to be cash on hand, demand deposits and short term investments with original maturities of three months or less from the date of acquisition.

Investments are stated at fair value on the balance sheet. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties other than in a forced or liquidation sale. Changes in the fair value of County investments are part of investment income which is included in revenue from local sources on the financial statements. (See Note D1)

NYE COUNTY, NEVADA
Notes to Financial Statements
June 30, 2013

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Assets, Liabilities, and Equity (Continued)

a. Pooled Cash and Investments (Continued)

Nevada Revised Statutes authorize the County to invest in:

1. Obligations of the U.S. Treasury and U.S. agencies in which the maturity dates do not extend more than 10 years from the date of purchase.
2. Negotiable certificates of deposit issued by commercial banks or insured savings and loan associations.
3. Nonnegotiable certificates of deposit issued by commercial banks, credit unions or insured savings and loans collateralized for amounts in excess of depository insurance.
4. Certain securities issued by local governments within Nevada.
5. Eligible bankers' acceptances that do not exceed 180 days maturity and do not exceed 20 percent of the investment portfolio.
6. Commercial paper with a rating of A-1 or P-1 that does not exceed 270 days maturity and does not exceed 20 percent of the portfolio.
7. The State of Nevada's Local Government Investment Pool.
8. Repurchase agreements that are collateralized at 102 percent of the repurchase price and do not exceed 90 days maturity. Securities used for collateral must meet the criteria listed above.
9. Money market mutual funds which are rated as "AAA" or its equivalent and invest only in securities issued by the Federal Government, U.S. agencies; master notes, bank notes or other short-term commercial paper rated A-1 or P-1 ; or repurchase agreements fully collateralized by such securities.

b. Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds".

Advances between funds are offset by a fund balance reserve account in applicable governmental funds to indicate they are not available for appropriation and are not expendable available financial resources.

Taxes on real property are levied in July each year and are due on the third Monday in July. They can be paid in quarterly installments in August, October, January, and March. In the event of nonpayment, the County Treasurer is authorized to hold property for two years, subject to redemption upon payment of taxes, penalties, and costs, together with interest at the rate of 10 percent per year from the date the taxes were due until paid. If delinquent taxes are not paid within the two year redemption period, the County Treasurer obtains a deed to the property free of all encumbrances. Upon receipt of a deed, the County Treasurer may sell the property to satisfy the tax lien.

Article X, Section 2, of the Constitution of the State of Nevada limits the total taxes levied by all overlapping governmental units within the boundaries of any County (i.e., the County, the County School District, the State, and any other City, Town, or special District) to an amount not to exceed \$5 per \$100 of assessed valuation of the property being taxed.

The Nevada Legislature enacted provisions whereby the combined overlapping tax rate was limited to \$3.64 per \$100 of assessed valuation. (See Note D2)

NYE COUNTY, NEVADA
Notes to Financial Statements
June 30, 2013

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Assets, Liabilities, and Equity (Continued)

c. Inventories and Prepaid Items

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when purchased rather than when consumed.

Payments to vendors that will benefit periods beyond June 30, 2013, are recorded as prepaid expenditures in the fund financial statements. They are recorded as prepaid expenses in the government-wide financial statements.

d. Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$3,000 and an estimated useful life in excess of one year. If purchased or constructed, capital assets are recorded at historical cost or estimated historical cost and updated for additions and retirements during the year. Donated capital assets are valued at their estimated value as of the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

<u>Capital Assets</u>	<u>Years</u>
Various Other Equipment	5-20
Vehicles	8
Buildings and Improvements	25-50
Infrastructure	25-50

GASB No. 34 requires the County to report and depreciate new infrastructure assets. Infrastructure assets include roads, bridges, underground pipe (other than related to utilities), traffic signals, etc. Neither their historical cost nor related depreciation has historically been reported in the financial statements. The County is required to capitalize and report its major general infrastructure assets acquired in fiscal years ending after June 30, 1980. In addition, infrastructure assets acquired before June 30, 1980, that received significant reconstruction must be capitalized.

e. Compensated Absences

Vested or accumulated vacation and sick leave that is expected to be liquidated with expendable available financial resources is reported as expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the government-wide financial statements. No expenditure is reported for these amounts in the fund financial statements (See Note D5). Vacation leave and sick leave included in accrued liabilities and recorded as expenditures in governmental fund types is the amount normally liquidated from "available spendable resources."

In proprietary funds, compensated absences are recorded when the liabilities are incurred. In governmental funds, the current portion is recorded as payroll expenditure. The estimated long-term liability for compensated absences is accounted for in the government-wide financial statements.

f. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed in the period incurred. Deferred losses related to the refunding of debt are reported as a deferred charge component of bonds payable and are amortized over the term of the related debt.

NYE COUNTY, NEVADA
Notes to Financial Statements (Continued)
June 30, 2013

- A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**
- 7. Assets, Liabilities, and Equity (Continued)**
- f. Long-term Obligations (Continued)**

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

g. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has no items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has only one type of item, which arises only under a modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from one source, property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amounts become available.

h. Governmental Fund Balances

In the governmental fund financial statements, fund balances are classified as follows:

- 1. Nonspendable** – Amounts that cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.
- 2. Restricted** – Amounts that can be spent only for a specific purpose because of the state or federal laws, or externally imposed conditions by grantors or creditors.
- 3. Committed** – Amounts that can be used only for specific purposes determined by a formal action of the board by County ordinance or resolution.
- 4. Assigned** – Amounts that are constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed.
- 5. Unassigned** – All amounts not included in other spendable classifications.

i. Net Position

In the government-wide statements, net position on the Statement of Net Position include the following:

1. Invested in Capital Assets, net of Related Debt

This is the component of net position that reports the difference between capital assets less both the accumulated depreciation and the outstanding balance of debt, excluding unexpended proceeds, that is directly attributable to the acquisition, construction or improvement of those assets.

2. Restricted Assets

This is the component of net position that reports the constraints placed on the use of assets by either external parties and/or enabling legislation. Designations of fund balance represent tentative management plans that are subject to change.

3. Unrestricted

This is the component of net position that is the difference between the assets and liabilities not reported in Invested in Capital Assets, Net of Related Debt and Restricted Assets.

NYE COUNTY, NEVADA
Notes to Financial Statements (Continued)
June 30, 2013

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Assets, Liabilities, and Equity (Continued)

j. Use of Restricted Resources

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the County's policy is to first apply the expense toward restricted resources and then toward unrestricted resources. In governmental funds, the County's policy is to first apply the expenditure toward restricted fund balance and then to other, less-restrictive classifications – committed and then assigned fund balances before using unassigned fund balances.

k. Comparative Data/Reclassifications

Comparative total data for the prior year has been presented in selected sections of the accompanying financial statements in order to provide an understanding of the changes in the County's financial position and operations. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

l. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

B. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

1. Explanation of certain differences between the governmental funds Balance Sheet and the government-wide Statement of Net Position

The governmental funds balance sheet includes a reconciliation between fund balances - total governmental funds and net position - governmental activities as reported in the government-wide Statement of Net Position. One element of the reconciliation explains that "certain liabilities (such as bonds payable and capital lease payable) are not reported in the fund financial statement because they are not due and payable." The details of this difference are as follows:

Bond payable	\$ 24,936,000
Less: deferred charge on bond discounts (net of amortization)	(2,691)
Add: bond premiums	52,049
Interest payable	364,189
OPEB obligation	15,277,321
Compensated absences	<u>3,422,905</u>
Net adjustment to reduce fund balance - total governmental funds to arrive at net position - governmental activities	<u>\$ 44,049,773</u>

NYE COUNTY, NEVADA
Notes to Financial Statements (Continued)
June 30, 2013

B. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (Continued)

2. Explanation of certain differences between the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the government-wide Statement of Activities

The governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances includes a reconciliation between net changes in fund balances - total governmental funds and changes in net position of governmental activities as reported in the government-wide Statement of Activities. One element of that reconciliation explains that "Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the Statement of Net Position and allocated over their estimated useful lives as annual depreciation expense in the Statement of Activities. The details of this difference are as follows:

Capital outlay	\$ 6,734,324
Depreciation expense	<u>(4,961,913)</u>
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net position of governmental activities	<u>\$ 1,772,411</u>

Another element of that reconciliation states that "The issuance of long-term debt (i.e., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities." The details of this difference are as follows:

General obligation debt principal payments	\$ 1,582,439
--	--------------

Another element of that reconciliation states that "Generally, expenditures recognized in the fund financial statements are limited to only those that use current financial resources, but expenses are recognized in the Statement of Activities when incurred." The details of this difference are as follows:

Accrued interest	\$ (364,189)
Amortization of bond premium	17,350
Amortization of bond discounts	(96)
OPEB obligation	(2,453,137)
Compensated absences	<u>305,424</u>
Net adjustment to decrease net change in fund balances - governmental funds to arrive at change in net position of governmental activities	<u>\$ (2,494,648)</u>

C. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

1. Budgetary Information

The County uses the following procedures to establish, modify, and control the budgetary data presented in the financial statements:

- a. Prior to April 15, the County submits to the Nevada State Department of Taxation the tentative budget for the next fiscal year, commencing on July 1. The budget, as submitted, contains the proposed expenditures and means of financing them.
- b. The Nevada State Department of Taxation notifies the County of its acceptance of the budget.
- c. Public hearings are conducted on the third Monday in May.
- d. After all changes have been noted and hearings closed, the County Commissioners adopt the budget on or before June 1.

NYE COUNTY, NEVADA
Notes to Financial Statements (Continued)
June 30, 2013

C. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

1. Budgetary Information (Continued)

The County uses the following procedures to establish, modify, and control the budgetary data presented in the financial statements:

- e. Prior to April 15, the County submits to the Nevada State Department of Taxation the tentative budget for the next fiscal year, commencing on July 1. The budget, as submitted, contains the proposed expenditures and means of financing them.
- f. The Nevada State Department of Taxation notifies the County of its acceptance of the budget.
- g. Public hearings are conducted on the third Monday in May.
- h. After all changes have been noted and hearings closed, the County Commissioners adopt the budget on or before June 1.
- e. Whenever such an action does not increase the total appropriation for any fiscal year and is not in conflict with other statutory provisions, the financial officer may transfer appropriations within any function or program or between functions or programs within a fund, if:
 - 1. The governing body is advised of the action at the next regular meeting; and
 - 2. The action is recorded in the official minutes of the meeting.
- f. Increases to a fund's budget (augmentations) other than by transfer are accomplished through formal Commission action.
- g. Statutory regulations require budget control to be exercised at the function.
- h. All appropriations lapse at the end of the fiscal year. Encumbrances are re-appropriated in the ensuing fiscal year.
- i. Budgets as originally adopted were augmented (increased) in the following funds:

General Fund (10101)
Agriculture Extension Special Revenue Fund (10218)
Juvenile Probation Special Revenue Fund (10230)
Drug Forfeiture Special Revenue Fund (10232)
Drug Court Proceeds Special Revenue Fund (10248)
Senior Nutrition Special Revenue Fund (10281)
Ambulance Special Revenue Fund (10282)
Medical and General Indigent Special Revenue Fund (10283)
Dedicated County Medical Indigent Special Revenue Fund (10284)
Health Clinics Special Revenue Fund (10285)
Special Projects Special Revenue Fund (10301)
Yucca Mountain Public Safety Special Revenue Fund (10331)
Grants Special Revenue Fund (10340)
Special Ad Valorem Capital Projects Fund (10402)
Bond Capital Projects Fund (10451)
Solid Waste Enterprise Fund (10510)

2. Excess Expenditures over Appropriations

For the year ended June 30, 2013, expenditures exceeded appropriations for the following:

Functions in the County General Fund:

Public safety	\$ 239,837
---------------	------------

Funds in the un-incorporated towns:

Gabbs Utility Sewer	\$ 9,808
Manhattan Utility	\$ 39,510

NYE COUNTY, NEVADA
Notes to Financial Statements (Continued)
June 30, 2013

C. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

3. Deficit Fund Equity

The following fund had a deficit fund balance at June 30, 2013:

Dedicated County Medical Indigent Special Revenue Fund \$ 26,350

The fund deficit will be eliminated by a reduction in expenditures in the ensuing year.

D. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

1. Pooled Cash and Investments

At year end, the County's carrying amount of deposits was \$12,877,297 and the bank balance was \$13,732,275. Of the bank balance, \$500,000 was covered by Federal Depository Insurance, and the remaining balance was covered by collateral held by the State Treasurer in the County's name.

The Nye County Treasurer administers an investment pool in accordance with Nevada Revised Statutes Chapter 355.168. At June 30, 2013 this pool is displayed by fund type on the financial statement as "Pooled Cash and Investments." The pool is available for use by all funds of the County. Any local government within Nye County whose money is held under the custody of the County Treasurer may invest its money with the investment pool. The County Treasurer may invest the money of the investment pool in investments which have been authorized as investments by Nevada Revised Statutes (See Note A6a).

Interest is apportioned to the funds within the pool monthly based on the fund's average balance for the month.

Investments are stated at fair value.

The Nevada State Treasurer's Local Government Investment Pool is an agency fund of the State administered by the State Treasurer. Any local government may deposit its money with the fund. The State Treasurer may invest the money in the fund in investments which have been authorized as investments for local governments by Nevada Revised Statutes and in time certificates of deposit. (See Note A6a)

At the end of each month the State Treasurer computes the portion of the total deposits in the fund which were attributable during the month to each local government. The proportion is applied to the total amount of interest received during the month on invested money of the fund and credited to each participating local government less the proportionate amounts of the assessments for the expenses of administration.

The fair value of the County's investments was determined by market quotes as of June 30, 2013.

Investment income earned from pooled investments of funds that is assigned to another fund was as follows:

<u>TO</u>	<u>FROM</u>	<u>AMOUNT</u>
General Fund	Public Transit Special Revenue Fund	\$ 7,992
	Regional Streets and Highways Special Revenue Fund	738
	Special Fuel Tax Special Revenue Fund	56
	County Owned Building Special Revenue Fund	2,890
	Building Department Special Revenue Fund	4,352
		<u>\$ 16,028</u>

NYE COUNTY, NEVADA
Notes to Financial Statements (Continued)
June 30, 2013

D. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

1. Pooled Cash and Investments (Continued)

Investment income earned from pooled investments of funds that is assigned to another fund was as follows:

TO	FROM	AMOUNT
Capital Projects	Agricultural Extension Special Revenue Fund	\$ 775
	Senior Nutrition Special Revenue Fund	48
	Airport Special Revenue Fund	417
	Museum Special Revenue Fund	741
	Mining Maps Special Revenue Fund	431
	Juvenile Probation Special Revenue Fund	1,943
	911 Emergency Special Revenue Fund	1,097
	County Health Clinics Special Revenue Fund	2,637
	Justice Court Fines Special Revenue Fund	1,141
	JP Assessment Special Revenue Fund	1,376
	Court Collection Fees Special Revenue Fund	865
	Drug Court Proceeds Special Revenue Fund	330
	State/County Room Tax Special Revenue Fund	284
	Beatty Town Special Revenue Fund	5,006
	Manhattan Town Special Revenue Fund	143
	Gabbs Town Special Revenue Fund	600
		<u><u>\$ 17,834</u></u>

As of June 30, 2013, the County had the following investments and maturities:

	Fair Value	Investment Maturities (In Years)				Moody's	S&P	Ratings
		Less than 1	1-5	6-10	>10			
Corporate bonds & notes								
Asset backed securities	\$ 3,765,246	\$ 0	\$ 1,817,594	\$ 459,709	\$ 1,487,943	Aaa	AA+ - AAA

Money Market Mutual Fund	4,116,816							
Total Investments	<u>\$ 88,068,399</u>							

Investments held by Wells Fargo Bank are made through the NVEST program sponsored by the Nevada State Treasurer. Through this program, local governments may invest in longer term securities than available through the Local Government Investment Pool. The County entered into this program March 21, 2006. StableRiver Capital Management is the portfolio manager. Securities purchased through this program are held in a separate safekeeping account at Wells Fargo Bank and registered in the name of the County. The County's corporate securities are rated by Standard & Poors' and Moody's rating agencies as indicated above. The U.S. Government and Agencies' securities are backed by the U.S. government and unrated.

A reconciliation of cash and investments as shown in the Statement of Net Position is as follows:

Cash with officers	\$ 1,791,693

5. Long-term Debt

Revenue Bonds

The Town of Gabbs' 1989 Water Revenue Bonds were issued in the amount of \$575,100 payable to Farmers Home Administration (FMHA). The bonds are to be repaid over 40 years requiring one semiannual payment of interest only and one payment of principal and interest at an interest rate of 7.125%. The current outstanding principal balance at June 30, 2013, is \$396,889.

The maturity requirements of the bonds payable is as follows:

<u>Year Ended June 30,</u>	<u>Interest</u>	<u>Principal</u>	<u>Total</u>
2014	\$ 28,278	\$ 14,488	\$ 42,766
2015	27,246	15,557	42,803
2016	26,137	16,704	42,841
2017	24,947	17,936	42,883
2018	23,670	19,259	42,929
2018-2022	95,626	119,811	215,437
2023-2027	46,166	171,007	217,173
2028-2029	1,575	22,127	23,702
	<u>\$ 273,645</u>	<u>\$ 396,889</u>	<u>\$ 670,534</u>

The FMHA bond covenant requires the Town to deposit into the Reserve Account a yearly increase of 1/10th of the annual payment until the reserve amount is achieved. Currently, the County's loan reserve balance is \$42,620.

\$299,000, 2012 Manhattan Town Water Bond is payable to the U.S. Department of Agriculture-Rural Development. The bond is payable in quarterly payments of \$3,481 including interest. The interest rate is 3.50%. The bond agreement requires the Town to establish and fund monthly a debt service reserve fund equal to 10% of the quarterly payment each month over the life of the loan until they accumulate one annual installment. This reserve fund can be used for emergency maintenance and repairs, and debt repayment should the need arise. The required reserve as of June 30, 2013, is \$3,132. The balance in the reserve account was \$0 as of June 30, 2013. The outstanding balance of bonds payable at June 30, 2012, was \$296,383.

Annual debt service requirements to maturity for the revenue bond are as follows:

<u>Year Ending</u>	<u>June 30,</u>	<u>Principal</u>	<u>Interest</u>
	2014	\$ 3,597	\$ 10,327
	2015	3,693	10,231

6. Interfund Transactions

Interfund operating transfers are made from one fund to another fund to support expenditures in accordance with the authority established for the individual funds. Transfers between fund types during the year ended June 30, 2013, were:

	<u>Transfers Out</u>	
	<u>Transfers In</u>	<u>Nonmajor Funds</u>
General Fund	\$ 16,028	\$ 16,028
Nonmajor governmental funds	<u>4,872,800</u>	<u>4,872,800</u>
	<u>\$ 4,888,828</u>	<u>\$ 4,888,828</u>

Described below are significant interfund transfers made during the year:

\$2,173,335 was transferred from the Special Projects Fund to the Debt Service Fund to cover debt payments as budgeted.

\$2,073,470 was transferred to the Road Fund to cover public works projects as budgeted from the Regional Streets and Highways Fund in the amount of \$824,292 and the Public Transit Fund in the amount of \$1,249,178

\$85,875 was transferred to the County Owned Building Fund to the Grant Fund to repay expenses.

7. Interfund Receivables and Payables

The composition of interfund balances as of June 30, 2013, is as follows:

Due from/to other funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Special Project Special Revenue Fund	Grants Special Revenue Fund	\$ 135,450
	Ambulance Special Revenue Fund	22,765
		<u>\$ 158,215</u>
Gabbs Utility Water Fund	Gabbs Utility Sewer Fund	<u>\$ 36,365</u>

The payable to the Special Projects Fund is due to expenditures related to the Grant Fund that were covered by the Special Projects Fund due to grant revenues received after June 30, 2013. The amount is expected to be paid with current resources. The payable to the Water Fund was made to cover negative cash balances in the fund at year-end. The amount is expected to be paid with current resources.

NYE COUNTY, NEVADA
Notes to Financial Statements (Continued)
June 30, 2013

D. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

8. Unearned Revenue

Governmental funds report unearned revenue in connection with receivables that are not considered to be available to liquidate liabilities of the current period and also in connection with resources that have been received but not yet earned. A summary of unearned revenue for the individual major governmental funds and nonmajor governmental funds in the aggregate at June 30, 2013 are as follows:

General	Repository	Other	Total
<u>General</u>	<u>Repository</u>	<u>Other</u>	<u>Total</u>
<u>\$ 2,831,607</u>	<u>\$ 1,430,095</u>	<u>\$ 616,663</u>	<u>\$ 4,878,365</u>

E. OTHER INFORMATION

1. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions, injuries to employees; and natural disasters. The County joined together with other local governments in the Nevada Public Agency Insurance Pool (NPAIP), a public entity risk pool currently operating as a common risk management and insurance program for member local governments. The county pays an annual premium to NPAIP for its property, casualty, crimes, and machinery insurance coverage. NPAIP is self-sustaining through member premiums and reinsurance through commercial companies for claims in excess of \$200,000 property and crimes, casualty \$500,000 each and every insured event. As a participatory member the maintenance deductible is \$50,000 for each and every loss and/or claim and /or event.

The County participates in the Public Agency Compensation Trust (PACT). Premiums paid to PACT cover workers compensation claims against the County. Premiums are based on a percentage of wages paid.

The County is self-insured for unemployment claims. Payments are made from the General Fund to cover claims.

The County purchases health care coverage for its employees from a commercial carrier.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. At June 30, 2013, no claims liabilities were recorded.

2. Construction and Other Significant Commitments

Construction commitments. The County has active construction projects as of June 30, 2013. At year end the County's commitments are as follows:

Governmental Activities		
Project	Spent-to-Date	Commitment
Tonopah helipad	\$ 46,303	\$ 221,235
Info tech facility	26,281	714,082

E. OTHER INFORMATION (Continued)

3. Contingent Liabilities

Landfill - Closure and Post Closure Costs

State and federal laws and regulations require the County to place a final cover on its landfill sites when it stops accepting waste and to perform certain maintenance and monitoring functions at the sites for thirty years after closure. The closure and post closure care costs will be paid only near or after the date that the landfills stop accepting waste.

As of June 30, 2013, the estimated liability to date for closure and post closure costs is \$1,409,416. This represents the cumulative amount reported to date based on percent use of the estimated liability of \$2,567,682 as the remaining capacity is used. Actual costs may be higher due to inflation, changes in technology or changes in regulations.

The County is operating four landfills as follows:

	<u>Estimated Site Life Remaining</u>
Pahrump	8 years
Tonopah	26 years
Round Mountain	21 years

The County has assessed a \$12 fee for each parcel of land to be used for closure and postclosure costs and a \$5 fee for opening new landfills. As of June 30, 2013, \$6,610,221 has been restricted for future closure, postclosure, and opening landfill costs in the Solid Waste Fund. The county entered into a trust agreement with a trustee bank in which the county placed funds for future closure and postclosure costs for county land fills in the amount of \$2,569,493.

Litigation

The County is involved in various legal actions. The outcome of these issues is not presently determinable. It is the opinion of the counsel that the resolution of these matters will not have an adverse material effect on the financial condition of the County.

4. Pension Plan

Plan Description. The County contributes to the Public Employees Retirement System of the State of Nevada (PERS), a cost sharing multiple-employer, defined benefit plan administered by the Public Employees Retirement System of the State of Nevada. PERS provides retirement benefits, disability benefits, and death benefits, including annual cost of living adjustments, to plan members and their beneficiaries. NRS Chapter 286 establishes the benefit provisions provided to the participants of PERS. These benefit provisions may only be amended through legislation. The Public Employees Retirement System of the State of Nevada issues a publicly available financial report that includes financial statements and required supplementary information for PERS. That report may be obtained by writing to the Public Employees Retirement System of the State of Nevada, 693 West Nye Lane, Carson City, NV 89703-1599 or by calling (775) 687-4200.

Funding Policy. Contribution rates are established by NRS 286.410. The County's contributions are based on the actuarially determined statutory rate. Contributions to the plan are made by the County and some employees who are so elected. Certain employees who were not vested (10 years of service) in 1985 made a decision to pay one half of their retirement contribution. The County's contribution rates and amounts contributed, which equaled required contributions, for the last three years are as follows:

Fiscal Year	Contribution Rate				Total Contribution	
	Employer/ Employee Paid	Regular Members	Police and Firemen	Total Contribution		
	Paid	Members	Firemen			
2012-2013	12.25%	23.75%	39.75%	\$5,917,754		
2011-2012	12.25%	23.75%	39.75%	6,219,407		
2010-2011	11.25%	21.50%	37.00%	5,868,629

E. OTHER INFORMATION (Continued)

5. Post-Employment Healthcare Plan

Plan Descriptions: The County administers a single-employer defined benefit healthcare plan, Nye County Employee Health Benefits Plan (NCEHBP). Additionally, the County contributes to an agent multiple-employer defined benefit postemployment healthcare plan, Public Employees' Benefits Plan (PEBP). Each plan provides medical, vision, dental, and life insurance benefits to eligible retired County employees and beneficiaries.

The County subsidizes eligible retirees' contributions to the Public Employees' Benefits Plan (PEBP), an agent multiple-employer defined benefit postemployment healthcare plan administered by the State of Nevada. NRS 287.041 assigns the authority to establish and amend benefit provisions to the PEBP nine-member board of trustees. County employees who meet the eligibility requirement for retirement within the Nevada Public Employee Retirement System have the option upon retirement to enroll in coverage under the PEBP and the subsidy provided by the County is determined by their number of years of service. Changes in state law have significantly impacted retirees' eligible to enroll in PEBP. As of September 1, 2008, the plan will no longer be available to those actively employed past that date. The PEBP issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Public Employee's Benefits Program, 901 S. Stewart Street, Suite 1001, Carson City, NV, 89701, by calling (775) 684-7000, or by accessing the website at www.pebp.state.nv.us/informed/financial.htm.

Benefit provisions for the NCEHBP are established pursuant to NRS 287.023 and amended through negotiations between the County and the respective associations. The plan provides healthcare insurance for eligible retirees and their beneficiaries through the County's group health insurance plan, which covers both active and retired members. Under NRS 287.023, eligible retirees are able to participate in the plan with blended rates, thereby benefitting from an implicit subsidy. The County contributes up to 100% of the premium costs. Retired employees pay the balance of the monthly premium. As of June 30, 2013, 188 retirees were using this plan. NCEHBP does not issue a publicly available financial report.

Funding Policy NRS 287.046 establishes the subsidies to be contributed toward the premium costs of the eligible retired County employees. Plan members receiving benefits have their monthly contributions deducted from their pension checks based on the health plan chosen by the retiree as reduced by the amount of the subsidy. Retirees qualify for a subsidy of \$118.16 at five years of service \$649.88 at 20 years of service with incremental increases for each year of service between. The contribution requirements of plan members and the County are established and amended by the PEBP board of trustees. As a participating employer, the County is billed for the subsidy on a monthly basis and is legally required under NRS 287.023 to provide for it. For fiscal year 2013, the County contributed \$57,810 to the plan for current premiums.

Nye County Employee Health Benefits Plan (NCEHBP).

Funding Policy Contribution requirements of the plan members and the County are established and may be amended through negotiations between the County and employees. The County pays 100% of the costs of current-year premiums for eligible retired plan members. For fiscal year 2013 the County contributed \$1,029,493 to the plan. Employees hired before August 1, 2000, who vest in the State of Nevada Public Retirement System (PERS) by or through their employment with the County, and who have worked not less than eight (8) continuous years for the County immediately preceding retirement, and who, when they leave County employment collect PERS retirement, will have the same percentage of their post-retirement health insurance premiums paid by the County as the County pays for its employees, as that percentage may from time to time change. Employees hired on or after August 1, 2000, who vest in PERS by or through their employment with the County, and who have worked not less than twenty (20) continuous years for the County, and who, when they leave County employment collect PERS retirement, will have fifty percent (50%) of their post-retirement health insurance premiums paid by the County. Employees who retire from the County who do not meet these qualifications, may choose to participate in the plan and would be required to fully pay their costs of health insurance coverage.

Annual OPEB Cost and Net OPEB Obligation The County's annual other postemployment benefit (OPEB) cost (expense) for the plan is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

E. OTHER INFORMATION (Continued)

5. Postemployment Health Care Plan (Continued)

For fiscal year 2013 the County's annual OPEB cost (expense) of \$3,540,440 for the PEBP was equal to the ARC. The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2013 is as follows:

<u>Fiscal Year Ended</u>	Annual OPEB Cost (Unit Credit Cost Method)	% of Annual OPEB Cost Contributed	Net OPEB Obligation
6/30/2013	\$ 3,540,440	31%	\$ 15,277,321
6/30/2012	\$ 3,055,456	24%	\$ 12,824,184
6/30/2011	\$ 3,219,733	29%	\$ 10,888,649

The following table shows the components of the County's annual OPEB cost for the year, the amounts actually contributed to the plan, and changes in the County's net OPEB obligation to the plans:

	2013	2012	2011
Annual Required Contribution	\$ 3,454,949	\$ 3,181,690	\$3,181,690
Interest on net OPEB obligation	513,000	228,250	228,276
Adjustment to annual required contribution	<u>(427,509)</u>	<u>(354,481)</u>	<u>(190,233)</u>
Annual OPEB cost (expense)	3,540,440	3,055,459	3,219,733
Contributions made	<u>1,087,303</u>	<u>1,119,921</u>	<u>932,707</u>
Increase in net OPEB obligation	2,453,137	1,935,538	2,287,026
Net OPEB obligation - beginning of the year	<u>12,824,184</u>	<u>10,888,649</u>	<u>8,601,623</u>
Net OPEB obligation - end of year	<u><u>\$ 15,277,321</u></u>	<u><u>\$ 12,824,184</u></u>	<u><u>\$10,888,649</u></u>

Funded Status and Funding Progress The County's most recent actuarial valuation was as of July 1, 2012, and as of the end of the fiscal year the County has not prefunded any portion of the plan. The actuarial accrued liability (AAL) for benefits was \$53,519,614 and having not funded the obligation the County currently has no associated assets to offset this liability. Because of this the unfunded actuarial accrued liability (URAL) is equal to the AAL. The covered payroll (annual payroll of active employees covered by the plan) was \$22,652,000 and the ratio of the UAAL to the covered payroll was 236.27%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2013, actuarial valuation, the entry age normal cost method was used. The actuarial assumptions included a 4 percent investment rate of return which is the target rate of return for the Nevada Public Employee Retirement System. This rate is used since state law allows trusts to be created within the retirement system for investing assets associated with other post employment benefits. If the County ultimately chooses to fund the plan they would fund it through a trust with the assets invested by PERS. An annual healthcare cost trend rate of 5.5 percent is used initially, reduced by decrements to an ultimate rate of 3.8 percent after seventy years. A standard 2.5 percent inflation rate was used throughout.

Changes in state law have significantly impacted the assumptions in the current year. As of September 1, 2008, the PEBP plan will no longer be available to those actively employed past this date.

The URAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2013, is 26 years.

MAJOR ENTERPRISE FUND

The Enterprise Fund is used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of management is that the costs of providing goods and services be financed or recovered primarily through user charges.

Solid Waste fund is used to account for revenues and expenses of the garbage disposal services throughout the County.

NONMAJOR SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

County Special Projects fund to account for PETT revenues specified for capital improvement.

Road fund to account for revenues and expenditures utilized to maintain County roads.

Regional Street and Highways, Special Fuel Tax, and Public Transit funds are used to account for gas taxes collected to be spent on roads.

Agricultural Extension fund is used to account for services of the state agricultural extension agent.

Airport fund is used to account for rental revenues and airport maintenance expenditures.

Ambulance and Health fund is used to account for revenues and expenditures of the County ambulance service.

Medical and General Indigent and Dedicated County Medical Indigent funds are used to account for revenues and expenditures for assistance given to indigents in the County.

Museum fund is used to account for operations of the County museum.

Beatty Town, Manhattan Town and Gabbs Town funds are used to account for the activities related to these unincorporated towns.

Health Clinic fund accounts for revenues and expenditures for clinics in Amargosa and Beatty as well as costs for the Public Health Nurse.

Mining Maps fund is used to account for revenues and expenditures utilized to maintain mining maps.

Juvenile Probation fund accounts for taxes levied and other revenues used to provide youth services and protective services for individuals on probation.

Senior Nutrition fund is used to account for federal monies, meal income, and related expenditures incurred to provide meals to senior citizens.

Justice Court Fines NRS 176 fund and JP Facility Court Assessment fund are used to account for monies used to enhance the justice system.

Controlled Substances Forfeitures fund is used to account for revenues and expenditures in the confiscation of assets in the process of the enforcement of drug laws.

District Court Improvement fund is used to account for monies accumulated for future court improvement work.

Building Department fund is used to account for revenues generated through building permits.

State and County Room Tax fund is used to account for room taxes collected to be spent on the promotion of tourism for the County.

911 Emergency fund is used to account for monies specified for emergency communication of the County.

Grant, On Site Oversight, and Yucca Mountain Public Safety funds are used to account for grant revenues and expenditures.

Court collection fees fund is used to account for the collection and administration of court fees.

PETT Emergency fund is used to account for monies set aside for emergency use as outlined in the County PETT Ordinance.

Recorder Technology fund is used for funds collected to enhance technology in the Recorder's office.

Public Improvement fund is used to account for monies accumulated for future public work.

District Court Technology and Assessor Technology funds are used to account for fees charged for technology for the respective offices.

Impact Fee fund is used to account for fees assessed for construction permits in the Pahrump area. Fees are to be used for highways and streets, police, fire and parks.

Health fund is used to account for payments equal to taxes received by the county due to the potential national nuclear waste repository to be located within the County. The revenues in the fund are to be used for the health costs as outlined in the Nye County PETT ordinance.

County Owned Building fund is used to account for revenues and expenditures of county owned real estate leases.

Beatty Room Tax fund is used to account for 1 ½% room tax collected for tourism, ½% for chamber of commerce and ½% for the museum to be used for the unincorporated town of Beatty, Nevada.

Renewable Energy Fund is used to account for geothermal lease revenue to be used to develop renewable energy projects within the County.

Drug Court Proceeds Fund is used to account for drug court fines to be used in support of the drug court program.

Clerk Technology Fund is used for funds collected to enhance technology in the Clerk's office.

Water District Fund is used to account for tax assessments for public works.

NONMAJOR ENTERPRISE FUNDS

The Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of management is that the costs of providing goods and services be financed or recovered primarily through user charges.

Gabbs Utility Water fund is used to account for revenues and expenses of the water services provided for residents of the unincorporated Town of Gabbs, Nevada.

Gabbs Utility Sewer fund is used to account for revenues and expenses of the sewer services provided for residents of the unincorporated Town of Gabbs, Nevada.

Manhattan Utility Enterprise fund is used to account for revenues and expenses of the water services provided for residents of the unincorporated Town of Manhattan, Nevada.

TRUST AND AGENCY FUNDS

Trust funds are used to account for assets held by the government in a trustee capacity. Agency funds are used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds.

F.H. Flint Scholarship fund accounts for donations given for education in the County.

The following funds are used to account for property taxes and other revenues collected by the County on behalf of other government entities on the periodic basis: Nye County Schools, Nye County Schools Impact Fees, Nye County Schools Debt Service, State of Nevada, Range Improvement; Pahrump, Round Mountain, Amargosa, and Tonopah Towns; Pahrump, Smoky Valley, Amargosa, Beatty, and Tonopah Libraries; Smoky Valley TV, Beatty General Improvement District, Endangered Species, Property, Habitat Construction and Mitigation, and State Medical Indigent.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Honorable Board of County Commissioners
Nye County, Nevada
Tonopah, Nevada

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Nye County, Nevada (the County), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued my report thereon dated December 12, 2013.

Internal Control over Financial Reporting

In planning and performing my audit of the financial statements, I considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, I do not express an opinion on the effectiveness of the County's internal control.

My consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, I identified certain deficiencies in internal control that I consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. I consider the deficiencies described in the accompanying schedule of findings and responses to be material weaknesses. 2013-01, 2013-04, 2013-05, 2013-06, and 2013-07.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. I consider the deficiencies described in the accompany schedule of findings and responses to be significant deficiencies. 2013-02, 2013-03, 2013-08, and 2013-09.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

County's Response to Findings

The County's response to the findings identified in my audit is described in the accompanying schedule of findings and responses. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, I express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Las Vegas, Nevada
December 12, 2013

NYE COUNTY, NEVADA
SCHEDULE OF FINDINGS AND RESPONSES

2013-01 Timely bank account and investment reconciliation to the general ledger

Condition: Bank and investment accounts are not reconciled timely to the general ledger.

Criteria: Bank and investment accounts should be reconciled promptly after the end of each month to the general ledger. Unusual reconciling items should be investigated and corrected with adjustments made to the general ledger. Completed reconciliations should be reviewed and approved by appropriate officials.

Effect: General ledger information may be inaccurate, causing financial statements to include misstatements. Errors or irregularities may not be detected in a timely manner.

Recommendation: Bank and investment accounts should be reconciled to the general ledger promptly after the end of the month. All reconciling items should be investigated and corrections made as needed in the general ledger. Prior to the monthly closing of the general ledger, the County Treasurer and County Comptroller should review and approve the reconciled bank and investment balances ensuring that the balances agree to the general ledger.

County Response: The County was informed of this deficiency during the prior year audit. The County took action to correct the finding, however the finding could not be corrected by June 30, 2013, the end of the current year audit. The County retained the services of an outside professional to assist in completion of the bank and investment reconciliations and training of staff. Bank reconciliations for the months of July 2012 through June 2013 were completed between May 2013 and October 2013.

2013-02 Capital Assets

Condition: The County implemented a new accounting software system during the year ending June 30, 2012. Some capital asset additions for the current year were recorded on the listing; however, not all additions were recorded.

Criteria: The capital assets listing should be maintained on a timely basis, at least monthly. General ledger capital outlay expenditures and capital asset disposals should be reconciled to the capital assets listing.

Effect: Assets may be lost, stolen, or misused and not be detected by County employees in the normal course of their duties.

Recommendation: The County should designate a capital asset manager. Monthly, the capital asset manager should examine all expenditures in excess of the County threshold for capitalization (\$3,000) to determine whether the expenditure is a capital asset. Expenditures determined to be capital assets should be recorded as capital outlay on the general ledger and included on the capital asset listing. Any capital assets recorded as a service or supply expenditure should be reclassified to a capital outlay expenditure account. General ledger capital outlay expenditures should be reconciled to asset additions each accounting period. In addition, the capital asset manager should monitor asset retirements/disposals, recording retirement of assets each month on the capital asset listing. The monthly activity should be reviewed by the County Comptroller for completeness.

County Response: The County was informed of this deficiency during the prior year audit. The County took action to correct the finding, however the finding could not be corrected by June 30, 2013, the end of the current year audit. The County designated a capital assets manager. The general ledger activity for the year ending June 30, 2013 was reviewed by the capital asset manager for proper posting of capital outlay purchases. Assets were added to the capital asset listing. Departments have performed an inventory of capital assets within their departments and provided the results to the capital assets manager. The capital asset manager is reviewing location, custodial care, asset tag and ID information. Assets that cannot be located will be investigated to determine the disposition of the asset.

NYE COUNTY, NEVADA
SCHEDULE OF FINDINGS AND RESPONSES (Continued)

2013-03 Revenue apportionment

Condition: Revenues are recorded by the County Treasurer. A treasurer's receipt is prepared which records the revenue received and the fund and account the revenue is to be posted to. This process is performed by a treasurer employee. The revenue posting is not reviewed by a second person to ensure accuracy.

Criteria: Revenue entries should be reviewed by the County Comptroller for accuracy.

Recommendation: Treasurer receipts and related supporting documentation should be examined by a responsible official from the County Comptroller's office. The review should determine that the revenue is apportioned to the correct fund and account. This review should be documented by the signature of the official and the date the review was performed. Documentation supporting the review should be filed for future reference.

Effect: General ledger information may be inaccurate causing financial statements to include misstatements.

County Response: The County was informed of this deficiency during the prior year audit. The County took action to correct the finding, however the finding could not be corrected by June 30, 2013, the end of the current year audit. The County Comptroller's office reviewed the apportionment of significant revenues for the year ending June 30, 2013 by reviewing detailed property tax apportionments and making budget comparisons to other significant revenues. Equipment and technology has been purchased and placed in service in place in the treasurer's office in September 2013 to provide electronic documents supporting revenue apportionment for review by the Comptroller's office.

2013-04 General Ledger Adjusting Entries

Condition: Journal entries were posted in reverse causing account balances to be misstated. Some expenditure posting errors were corrected by recording checks that had cleared the bank as void and then the checks were recreated in the system and reposted to the correct fund and account.

Criteria: Adjustments to the general ledger should be authorized and posted by a responsible official. General ledger accounts should be examined by a responsible official upon completion of the entries to ensure adjustments were posted properly. Cash disbursement posting errors should be corrected by journal entry, not by voiding the check and reposting the check to the correct general ledger account.

Effect: General ledger information may be inaccurate causing financial statements to include misstatements. Errors or irregularities may not be detected in a timely manner.

Recommendation: Adjusting entries to the general ledger should be prepared by an accounting clerk. A journal entry worksheet should be prepared showing the accounts to be adjusted and the detailed entries to those accounts. Documents supporting the reason for the entry should accompany the journal entry worksheet. The journal entry worksheet should be signed and dated by the accounting clerk. An accounting supervisor should review the documentation and, if appropriate, post the entry to the general ledger. General ledger accounts affected by the entries should be printed and reviewed to ensure the intended correction was posted properly. The accounting supervisor should sign and date the journal entry worksheet to document the review of the proper posting of the entry. The journal entry documentation should be filed in numerical order.

County Response: The County was informed of this deficiency during the prior year audit. The County took action to correct the finding; however some transactions that occurred during the year ending June 30, 2013 could not be corrected. The County software provider instructed staff to correct mis-postings by voiding the mis-posted check and then recreating the check in the system and reposting the check to the correct account. In June of 2013, staff was instructed to use journal entries to correct posting errors and to cease following the software provider procedure.

NYE COUNTY, NEVADA
SCHEDULE OF FINDINGS AND RESPONSES (Continued)

2013-05 Improper Allocation of Property Tax

Condition: Each year the County adopts its operating budget and determines the amount of property taxes and tax rates to be levied for fund operations. Tax rates used to apportion centrally assessed property taxes for three funds did not agree with the approved tax rates in the adopted budget. The correct amount of tax was collected from taxpayers. The allocation of the collected tax between funds was incorrect.

Criteria: Tax rates approved in the annual budget for the various operating funds of the County are to be used for the apportionment of taxes collected to the funds.

Effect: Errors will occur in the amounts of revenue allocated to funds that receive property taxes. Fund financial statements will be misstated.

Recommendation: The Budget Director should provide to the County Treasurer and the County Comptroller the tax rates approved by the County Commission. The Budget Director, County Treasurer, and County Comptroller should review and document, in writing, that the rates levied for property taxes and rates to be used for apportionment of tax revenues to funds is correct. The apportionment of property tax revenues should be examined monthly by the County Comptroller's office for accuracy.

County Response: The County was informed of a similar deficiency during the prior year audit. The County took action to correct the finding; however the finding could not be corrected for the year ending June 30, 2013 because property tax billings and apportionments had already been processed for the year. In June of 2013, The Deputy County Treasurer, and County Comptroller reviewed the rates levied for property taxes and rates to be used for apportionment of tax revenues to funds for the 2013-2014 budget year to ensure the accuracy of the rates. This review was not documented in writing.

NYE COUNTY, NEVADA
SCHEDULE OF FINDINGS AND RESPONSES (Continued)

2013-06 Payroll Summary Fund Reconciliation

Condition: The County implemented a new accounting software system during the year ending June 30, 2012. In order to streamline the payroll process, a payroll summary fund is used. All payroll activity is processed through the fund. The various funds of the County to whom the payroll expenditures belong are charged for the payroll and benefit expenditures. When this occurs, a receivable is created in the payroll summary fund showing the amount due to it from other funds. In the funds to which the payroll expense belongs, a liability is created in the fund showing the amount due to the payroll summary fund. After each payroll is processed and all checks have been prepared, the payroll summary fund is to be repaid the cash due to it from the other funds. At the end of each month the balances in the payroll summary fund are to be zero.

For the period of January 2012 through March 2013, the reimbursing entries to repay the cash due to the payroll summary fund from the various funds were not recorded, causing the cash balance in the payroll summary fund to grow to a negative balance of \$ 8,238, 000, and causing the cash in the funds in which payroll belongs to be overstated. The account balances were not reviewed on a monthly basis for accuracy.

Criteria: The payroll summary fund is to be used to consolidate payroll activity and to streamline payroll report processing. After each pay period, the cash in each fund in which payroll is expensed should be reduced by the amount of payroll for that period to properly reflect the cash balance of each fund. Monthly, the cash balance in the payroll summary fund should return to zero.

Effect: Cash balances in the various funds of the County, Towns, and Districts in which payroll is expensed will be misstated. Cash balances in the funds will appear higher than they actually are and will mislead users of the financial information.

Recommendation: A Payroll staff accountant should be assigned the task of reviewing all account balances in the payroll summary fund monthly. Interfund payables and receivables should be reconciled and necessary entries to eliminate the interfund payables/receivables and cash adjustments should be prepared by the staff accountant. The adjustments should be reviewed and approved by the County Comptroller. The entries should be posted monthly.

County Response: The County was informed of this deficiency during the prior year audit. The County took action to correct the finding in April of 2013; however for the period of July 2012 through March 2013 posting errors were affecting the general ledger. The software provider was contacted in April of 2013 for assistance to correct the posting errors. The corrections were designed to cause automated entries to be made to the payroll summary fund and those funds in which payroll is expensed. The corrective action alleviated the majority of the problems with the exception of the employee benefits. Costs for some benefits are not posting to the funds in which payroll benefits should be expensed. It is anticipated that this posting error will be corrected by January 2014.

NYE COUNTY, NEVADA
SCHEDULE OF FINDINGS AND RESPONSES (Continued)

2013-07 Financial Period Close

Condition: The County implemented a new accounting software system during the year ending June 30, 2012. The new system requires specific procedures be performed at the end of each month. The monthly accounting period close was not performed in a timely manner. Asset and liability balance forward amounts from the prior year were not carried forward into the new system timely. Period closings for the year ending June 30, 2013, were not completed timely.

Criteria: Each accounting period should be closed on a timely basis at least monthly. All significant accounts should be reconciled and reviewed. Significant variances should be reviewed and adjusted where necessary.

Effect: Financial information will not be timely and accurate. Assets and liabilities may be misstated. Errors will not be detected and corrected in a timely manner.

Recommendation: The financial closing and reporting process should be clearly defined, documented, and communicated to appropriate departments. The County Comptroller's office should assign specific closing tasks to members of the office with specific dates for completion of month end close. Tasks should include significant account reconciliation, account analysis, account variance analysis, encumbrance review, and adjusting journal entries to correct noted errors. Accounts receivable and accounts payable accounts should be reconciled to subsidiary ledgers/listings. Capital outlay expenditures should be reconciled to the capital asset listing.

Prior to the close of the month, the County Comptroller and the County Treasurer should agree on the reconciled cash and investment balances of each fund. Any reconciling items should be recorded.

County Response: The County was informed of this deficiency during the prior year audit. The County took action to correct the finding; however the finding could not be corrected by June 30, 2013. Accounting staff have been provided written direction concerning timely financial period close. Specific monthly closing dates will be adopted. Subsequent to year end, the monthly financial close has been completed timely.

2013-08 Apportionment of Investment Income

Condition: The County maintains an investment pool in accordance with Nevada Revised Statutes Chapter 355.168. Investment income is to be apportioned to the participating local government funds monthly, based on the average fund balances. Investment income allocations are not completed timely. One individual is responsible for the apportionment of the investment income.

Criteria: Investment income should be allocated monthly to each fund that participates in the local government investment pool based on the available fund balance to invest for the month. A review should be performed by another employee to verify the accuracy of the apportionment.

Effect: Investment income as reported monthly in the various funds of the County and other local governments may be misleading.

Recommendation: Investment income should be allocated monthly to each fund that participates in the investment pool. Investment income should be reviewed by the Comptroller's office to verify accurate revenue allocation.

County Response: The County was informed of this deficiency during the prior year audit. The County took action to correct the finding; however the finding could not be corrected by June 30, 2013. The County retained the services of an outside professional to assist in completion of investment allocations and the training of County staff concerning the reconciliation process. Investment allocations for the months of July 2012 through June 2013 were completed between May 2013 and October 2013.

NYE COUNTY, NEVADA
SCHEDULE OF FINDINGS AND RESPONSES (Continued)

2013-09 Drug Court Collections

Condition: The Nye County Commission adopted a resolution dated October 19, 2010, authorizing the creation of a petty cash account for the Fifth Judicial District Adult Drug Court to assist in the administration of activities in which the drug court is authorized by law to engage in. The Nye County Commission also approved a resolution dated October 19, 2010, to establish a checking account at Bank of America for the Fifth Judicial District Adult Drug Court. The resolution indicated that the purpose of the checking account was for depositing such fees, donations, and other funds which that department is authorized to collect. Nevada Revised Statutes 356.200 indicates that a County officer other than County Treasurer may deposit money received by the office into an insured bank account. The money deposited into the account is to be remitted to the County Treasurer not later than the first Monday of each month.

A review of the Bank of America checking account indicates that no remittance has been made to the County Treasurer for the collection of fees, donations, and other funds. Operating expenditures have been charged to the account. Petty cash expenditures have been reimbursed by the County to the bank account. The petty cash bank account was not opened. The depository account has been used as a combination petty cash and depository account.

The tax identification number associated with the bank account is the number of the non-profit corporation under the name of the Fifth Judicial District Adult Drug Court. The relationship of the non-profit corporation and the County is unclear. There are no known agreements between the County and the non-profit corporation concerning drug court operations.

Criteria: Collection of revenues for a County activity should be deposited into a County authorized bank account and remitted monthly to the County Treasurer.

Effect: Revenues in the Drug Court Special Revenue Fund may be understated.

Recommendation: Revenues generated from the operations of the Drug Court that are in the bank account of the non-profit corporation that are deemed to be that of the government should be remitted to the Nye County Treasurer. Monthly collections of Drug Court money should be remitted to the County Treasurer in accordance with Nevada Revised Statutes 356.200. Procedures should be implemented to monitor the monthly remittance of revenue to the County Treasurer from County Officers.

The petty cash account authorized by the County Commissioners in October of 2010 should be created and used in accordance with the County's petty cash policy and Nevada Revised Statutes 354.609.

The relationship between the County and the non-profit corporation should be examined to determine the role of the non-profit corporation in the Drug Court operations.

County Response: The County was informed of this deficiency during the prior year audit. The County took action to correct the finding; however the finding could not be corrected by June 30, 2013. On September 13, 2013, the money in the non-profit bank account was remitted to the Nye County Treasurer. The County Comptroller has provided training to Drug Court staff on the proper use of a petty cash fund.
