INDEPENDENT AUDITOR'S REPORT

Honorable Board Members
Nye County Water District
Pahrump, Nevada

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and the major fund of Nye County Water District (the District), component unit of Nye County, Nevada, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the District, as of June 30, 2022, and the respective changes in financial position and the respective budgetary comparison for the General Fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 5 through 10, Schedule of the District's Contributions to the Public Employees' Retirement System of the State of Nevada on page 35, and Schedule of the District's Proportionate Share of the Net Pension Liability of the Public Employees' Retirement System of the State of Nevada on page 36 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 27, 2023 on our consideration of the District's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

A handwritten signature in black ink, appearing to read "Daniel McHugh". The signature is fluid and cursive, with the first name "Daniel" being more prominent.

**NYE COUNTY WATER DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022**

The Management's Discussion and Analysis ("MD&A") introduces the financial reports for the Nye County Water District ("District") and is designed to give the reader an easy-to-understand overview of the District's financial position and results of operations for the year. The MD&A is separated into Financial Highlights, an Overview of the Financial Statements, Government-Wide Financial Analysis, Financial Analysis of the District's Governmental Fund, General Fund Budgetary Highlights, Debt Administration, and Economic Factors and Next Year's Budget.

FINANCIAL HIGHLIGHTS

The assets and deferred outflows of resources of the District exceeded its liabilities and deferred inflows of resources at the close of the 2022 fiscal year by \$477,757 (net position). The total net position is unrestricted and may be used to meet the District's ongoing obligations to its citizens and creditors.

The government-wide net position of the Nye County Water District increased during the fiscal year ending June 30, 2022, from \$389,872 to \$477,757.

The District's total government-wide expenses were \$133,393, a decrease of \$112,656 when compared to the previous year. This was due to a restructuring of the Board of Trustees and management that occurred mid-year causing activity for the year to decrease.

At the close of the fiscal year 2022, the District's General Fund reported a fund balance of \$669,311, an increase of \$86,549 when compared to the previous year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements are comprised of government-wide financial statements, fund financial statements, and notes to the financial statements.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with an overview of the District's financial position in a manner similar to a private-sector business.

The Statement of Net Position combines and consolidates all the District's assets and liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. This includes combining current financial resources (short-term spendable resources) with capital assets and long-term obligations using the accrual basis of accounting. Net position is segregated into three components: net investment in capital assets; restricted; and unrestricted net position. Net position is an indicator of the overall financial position of the District and the change in net position from year to year is an indicator of the financial position improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes, special assessments).

The government-wide financial statements report one type of activity: governmental activities. The government-wide financial statements include functions of the District that are principally supported by real property parcel assessment fees.

Fund Financial Statements. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Nye County Water District fund is classified into one category, Governmental Funds.

**NYE COUNTY WATER DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District adopts an annual appropriated budget for its governmental fund. A budgetary comparison statement is provided for the District's governmental fund to demonstrate compliance with the budget.

Information is presented separately in the governmental Balance Sheet and the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, which is considered to be a major fund.

Notes to the Financial Statements. The notes to the financial statements provide additional information that is essential to acquire a full understanding of the data provided in the government-wide and fund financial statements.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's pension benefits for its employees.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The government-wide financial statements are structured to report financial information on the District as a whole. Condensed financial information with comparative amounts from the prior year is presented along with accompanying analysis.

The following table illustrates the changes in net position for the years ending June 30, 2022 and 2021.

	2022	2021
Assets:		
Current and other assets	\$ 703,019	\$ 622,927
Total Assets	<u>703,019</u>	<u>622,927</u>
 Deferred Outflows of Resources	 <u>65,280</u>	 <u>30,209</u>
Liabilities:		
Current liabilities	15,390	6,386
Long-term liabilities	<u>186,076</u>	<u>242,870</u>
Total Liabilities	<u>201,466</u>	<u>249,256</u>
 Deferred Inflows of Resources	 <u>89,076</u>	 <u>14,008</u>
Net Position:		
Invested in capital assets, net of related debt	-	-
Unrestricted	<u>477,757</u>	<u>389,872</u>
Total Net Position	<u>\$ 477,757</u>	<u>\$ 389,872</u>

The District's assets and deferred outflows exceeded liabilities and deferred inflows by \$477,757 at the close of the current year and total net position increased by \$87,885, or 22.54%.

The District's total net position of \$477,757 is unrestricted. This is used to meet the ongoing obligations of the District.

The following table compares activity for the years ending June 30, 2022 and 2021.

**NYE COUNTY WATER DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

Changes in net position of the District are summarized as follows:

	Governmental Activities	
	2022	2021
Revenues:		
General revenues:		
Real property parcel assessment fees	\$ 268,458	\$ 315,856
Investment income (loss)	(47,180)	(2,775)
Total revenues	221,278	313,081
Expenses:		
General government	133,393	246,049
Change in net position	87,885	67,032
Net position - beginning of year	389,872	322,840
Net position - end of year	<u>\$ 477,757</u>	<u>\$ 389,872</u>

General revenues consist of parcel assessment fees and investment income (loss).
For governmental activities, the largest of these revenues was tax assessments.

**NYE COUNTY WATER DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUND

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements.

The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Major Fund:

General Fund: The General Fund is the chief operating fund of the District. As of the end of the current fiscal year the General Fund reported a fund balance of \$669,311, an increase of \$86,549, or 14.85%, from the prior year. Fund balance components can be classified as assigned and unassigned based primarily on the extent to which the District is bound to observe constraints imposed on the use of the resources of fund.

Assigned fund balance of \$603,713 represents 90.20% of total fund balance. The remaining fund balance of \$65,598 is unassigned.

Key factors of the change in the fund balance of the General Fund include total revenue decreases of \$66,621, or 21.96%. Assessment fees decreased by \$22,216, or 7.26%. Miscellaneous revenues decreased by \$44,405, or 1,600.18% due to fair value declines causing investment losses.

Expenditures decreased by \$93,281, or 38.31%, from the prior year due to decreases in salaries, benefits, and service and supplies, due to the mid-year restructuring of employees and management.

GENERAL FUND BUDGETARY HIGHLIGHTS

Nevada Statutes require that the District legally adopts budgets for all funds. Budgets are prepared in accordance with generally accepted accounting principles. The final appropriated budget is prepared by fund, function, and object. All appropriations lapse at year-end.

Final budget compared to actual results. The most significant differences between estimated revenues and actual revenues were as follows:

Total revenues were \$55,951 less than budgeted. This budgetary deficiency is attributed to investment losses related to declines in fair value of investments.

Total actual expenditures for the General Fund for the fiscal year 2022 were \$433,519 less than budgeted. This was due to a restructuring of the Board of Trustees and management that occurred mid-year causing expenditures for wages and employee benefits to be less than anticipated.

The actual General Fund balance of \$669,311 was \$65,598 more than anticipated to begin the 2022-2023 year.

**NYE COUNTY WATER DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

DEBT ADMINISTRATION

During the year ended June 30, 2022, the following changes occurred:

	Balance June 30, 2021	Additions	Deletions	Balance June 30, 2022	Due within one year
Governmental Activities:					
Compensated Absences	\$ 52,412	\$ 0	\$ 5,537	\$ 46,875	\$ 14,405
Net Pension Liability	190,458	0	51,257	139,201	0
Total Long-term Liabilities	<u>\$ 242,870</u>	<u>\$ 0</u>	<u>\$ 56,794</u>	<u>\$ 186,076</u>	<u>\$ 14,405</u>

Nevada Revised Statutes (NRS) 542, Special and Local Acts, 2007, Section 8. - The District, created in 2011, has the power to incur indebtedness pursuant to NRS 271 and NRS 318 and to issue bonds and provide for medium-term obligations pursuant to NRS 350 for projects as stated in this section. For purposes of NRS 350.572, sections 1-12, inclusive, of this act do not expressly or impliedly require an election before the issuance of a security or indebtedness pursuant to NRS 350.500 to 350.720, inclusive, if the obligation is payable solely from pledged revenues, but an election must be held before incurring a general obligation.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The District approved the budget for the 2022-2023 year on May 18, 2022. The following factors were considered in the development of the budget.

- Revenues are anticipated to increase slightly. The primary revenue source of the District is assessment fees charged on parcels of real property within the District.
- Expenditures are anticipated to increase with the primary increase related to services and supplies, including contract services. Employee compensation and related benefits are expected to increase slightly.

REQUESTS FOR INFORMATION

This financial report is designed to provide its users with a general overview of the Nye County Water District's finances and to demonstrate the District's accountability for the revenues it receives. Any comments, further questions, or requests for additional information should be addressed to:

**NYE COUNTY WATER DISTRICT
RECONCILIATION OF THE BALANCE SHEET OF THE
GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION
JUNE 30, 2022**

Total fund balance - governmental funds	\$ 669,311
--	-------------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Parcel assessment fees that are not available to pay for current period expenditures and, therefore are deferred in the fund.	18,318
---	--------

Compensated absences are not reported in the Governmental Funds financial statements because they are not due and payable, but they are presented as liabilities in the Statement of Net Position.	(46,875)
--	----------

The District's proportionate share of net pension assets and liabilities as well as pension-related deferred outflows and deferred inflows of resources are recognized in the government-wide statements and include:

Deferred outflows from pension activity.	65,280
--	--------

Net pension liability.	(139,201)
------------------------	-----------

Deferred inflows from pension activity.	<u>(89,076)</u>
---	-----------------

Total net position - governmental activities	<u>\$ 477,757</u>
---	--------------------------

The notes to the financial statements are an integral part of this statement.

FOR THE YEAR ENDED JUNE 30, 2022**

	Major Fund
	General Fund
Revenues:	
Assessments:	
Real property parcel assessment fees	\$ 283,919
Miscellaneous:	
Investment income (loss)	(47,180)
Total revenue	<u>236,739</u>
Expenditures:	
Current:	
General government:	
Salaries and wages	58,029
Employee benefits	24,604
Services and supplies	67,557
Total expenditures	<u>150,190</u>
Excess (deficiency) of revenues over expenditures	86,549
Fund Balance:	
Beginning of year	<u>582,762</u>
End of year	<u>\$ 669,311</u>

The notes to the financial statements are an integral part of this statement.

**NYE COUNTY WATER DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCE OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2022**

Net change in fund balance - governmental funds	\$	86,549
--	-----------	---------------

Amounts reported for governmental activities in the Statement of Activities are different because:

Parcel assessment fees that are collected in the time to pay obligations of the current period are reported as revenue in the fund statements. However, amounts that related to prior periods that first become available in the current period should not be reported as revenue in the Statement of Activities.		(15,461)
---	--	----------

Compensated absence expenditures recognized in fund financial statements are limited to only those that use current financial resources but expenses are recognized in the Statement of Activities when incurred.		5,537
---	--	-------

Net differences between pension system contributions recognized in the fund Statement of Revenues, Expenditures, and Changes in Fund Balance and the Statement of Activities:

Pension contributions made after measurement date (2022 contributions).		8,016
---	--	-------

Net pension income (expense).		3,244
-------------------------------	--	-------

Change in net position of governmental activities	\$	<u>87,885</u>
--	-----------	----------------------

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Reporting Entity

The accompanying financial statements include all the activities that comprise the financial reporting entity of the Nye County Water District ("District"). The District is governed by an appointed seven-member board. The Nye County Commission appoints members to serve on the board. The District is reported as a component unit by Nye County Nevada. The accounting policies of the District conform to generally accepted accounting principles as applicable to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles.

2. Basic Financial Statements

The District's basic financial statements consist of government-wide statements and the fund financial statements. The government-wide financial statements are made up of the Statement of Net Position and the Statement of Activities. These statements include the aggregated financial information of the District as a whole. Governmental activities normally are supported by real property parcel assessment fee revenues. The fund financial statements include financial information for the one fund type: governmental. Reconciliations between the fund statements, the Statement of Net Position, and the Statement of Activities are included.

3. Basis of Presentation - Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds. Separate financial statements are provided for governmental funds.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

The Statement of Net Position presents the consolidated financial position of the District at year-end for governmental activities.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or program are offset by program revenues. Direct expenses are those that are specifically associated with a program or service and are, therefore, clearly identifiable to a particular function. Program revenues include charges for services, operating grants, and contributions. Real property parcel assessment fees and other revenues properly not included among program revenues are reported instead as general revenues. This statement provides a net cost or net revenue for the specific function of the District. This function with a net cost is generally dependent on real property parcel assessment fee revenues to remain operational.

NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Basis of Presentation - Fund Financial Statements

The financial accounts of the District are organized on the basis of funds. A fund is considered to be a separate accounting entity. The operations of the General Fund are accounted for with a separate set of self-balancing accounts comprised of assets, liabilities, deferred outflows and inflows, fund balance, revenues, and expenditures. Separate financial statements are provided for the General Fund.

The fund financial statements provide information about the District's General Fund. The fund of the District is a governmental fund. Separate statements for the governmental fund are presented. The emphasis of fund financial statements is on major funds. Major individual governmental funds are reported as separate columns in the fund financial statements. The District's governmental fund is a major fund.

General Fund - The General Fund is the general operating fund of the District. It is used to account for all resources and cost of operations traditionally associated with governments which are not required to be accounted for in other funds.

5. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Parcel assessment fees are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered "measurable" when in the hands of intermediary collecting governments and are then recognized as revenue. The District considers revenues to be "available" if they are collected within 60 days of the end of the current fiscal period. Anticipated refunds of parcel fees are recorded as liabilities and reductions of revenue when they are measurable, and the payment seems certain. In general, expenditures are recorded when liabilities are incurred. The exception to this rule is that principal and interest on debt service, as well as liabilities related to compensated absences and claims and judgments, are recorded when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

The major revenue source of the District is parcel assessment fees charged to owners of real property within Nye County, Nevada.

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Measurement Focus and Basis of Accounting (Continued)

Parcel assessment fees associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end).

6. Budgetary Information

Nevada Revised Statutes require that local governments legally adopt budgets for all funds. The budgets are filed as a matter of public record with the County Clerk and the Nevada Department of Taxation. District staff uses the following procedures to establish, modify, and control the budgetary data reflected in the financial statements:

- a. The statutes provide for the following timetable in adoption of budgets:
 1. Before April 15, the District submits to the Nevada Department of Taxation a tentative budget for the upcoming year. The tentative budget includes proposed expenditures and the means to finance them.
 2. A public hearing must be held by the Board of Trustees no sooner than the third Monday in May and no later than the last day in May. Notice of the public hearing must be published in the local newspaper not more than 14 or less than 7 days before the hearing.
 3. After all changes have been noted and hearings closed, the Board of Trustees adopts the budget on or before June 1.
- b. NRS 354.598005(1) provides that the District Board may augment the budget at any time by a majority vote of the Board providing the Board publishes notice of its intention to act in a newspaper of general circulation within its county at least three days before the date set for adoption of the resolution.
- c. Nevada Revised Statute 354.598005(5) allows appropriations to be transferred between functions, funds, or contingency accounts if such a transfer does not increase the total appropriation for any fiscal year and is not in conflict with other statutory provisions. The District may transfer appropriations within any function within a fund. The District Board may authorize the transfer of appropriations between funds or from the contingency account if the District Board announces the transfer of appropriations at a regularly scheduled meeting sets forth the exact amounts to be transferred, and the accounts and funds affected. The District Board must also set forth reasons for the transfer, and the action must be recorded in the official minutes of the meeting.
- d. Statutory regulations require budget control to be exercised at the function level within the funds.
- e. Generally, budgets for all funds are adopted in accordance with generally accepted accounting principles. Budgeted amounts reflected in the accompanying financial statements recognize amendments made during the year.
- f. There were no budget augmentations during the year.
- g. All budget appropriations lapse at the end of the fiscal year.

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

a. Pooled Cash and Investments

Cash includes cash in the hands of District officers, cash in the custody of the Nye County Treasurer, and cash deposited in interest-bearing accounts at banks by the Nye County Treasurer. The majority of cash and investment transactions of the District are overseen by the Nye County Treasurer's office. Cash balances are combined and invested as permitted by law in combination with Nye County funds in the Nye County Treasurer's Investment Pool. Investments are stated at fair value on the balance sheet. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties other than in a forced or liquidation sale. Changes in the fair value of District investments are part of investment income (loss) that is included in revenue from other sources on the Statement of Activities (see Note C1).

The District's cash and cash equivalents in the governmental fund types are considered to be cash on hand, cash in custody of the Nye County Treasurer, demand deposits, non-negotiable certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition.

The majority of the District's cash and cash equivalents are in the custody of the Nye County Treasurer as required by Nevada Revised Statutes.

Nevada Revised Statutes authorize the District to invest in:

1. Obligations of the U.S. Treasury and U.S. Agencies in which the maturity dates do not exceed more than 10 years from the date of purchase.
2. Negotiable certificates of deposit issued by commercial banks or insured savings and loan associations (those over \$250,000 must be fully collateralized).
3. Negotiable notes or short-term negotiable bonds issued by local governments within Nevada.
4. Eligible bankers' acceptances that do not exceed 180 days maturity and do not exceed 20 percent of the portfolio.
5. Commercial paper with a rating of A-1 or P-1 that does not exceed 270 days maturity and does not exceed 25 percent of the portfolio.
6. The State of Nevada's Local Government Investment Pool.
7. Repurchase agreements that are collateralized at 102 percent of the repurchase price and do not exceed 90 days maturity. Securities used for collateral must meet the criteria listed above.
8. Money market mutual funds which are rated as "AAA" or its equivalent and invest only in securities issued by the Federal Government, U.S. Agencies, or repurchase agreements fully collateralized by such securities.
9. Obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development, or obligations publicly issued in the United States by a foreign financial entity registered with the Securities and Exchange Commission, denominated in dollars with a maturity of 5 years or less with a rating of "AA" or better.

The District has not established an investment policy further limiting its investments.

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

b. Parcel Assessment Fees

Parcel assessment fees are billed in July of each year and are due in July. The fees are billed and collected by the Nye County Treasurer.

c. Inventories and Prepaid Items

The costs of governmental fund type inventories are recorded as expenditures when purchased rather than when consumed. The District had no material inventories at June 30, 2022.

Payments to vendors that will benefit periods beyond June 30, 2022, are recorded as prepaid items in the fund financial statements and in the government-wide financial statements. The District had no material prepaid items at June 30, 2022.

d. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of \$3,000 or more and an estimated useful life in excess of one year. If purchased or constructed, capital assets are valued at cost where historical records are available and, if no historical records exist, at estimated cost. Capital assets are updated for additions and retirements during the year. Donated capital assets are valued at their estimated value as of the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. The District presently has no capital assets that meet the capitalization threshold.

e. Intangible Lease Assets

Intangible lease assets are reported at the present value of remaining future lease payments to be made during the lease term. The discount rate utilized is either the interest rate implicit within the lease agreement, or if not readily determinable, the District's estimated incremental borrowing rate. These intangible lease assets are amortized over the shorter of the lease term or the useful life of the underlying asset. Capitalization thresholds are the same threshold for capital assets noted above. The District presently has no intangible lease assets that meet the capitalization threshold.

f. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District's deferred outflows relate to pension activity.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has only two types of items that qualify for reporting in this category. Unavailable revenue is reported only in the governmental funds Balance Sheet. The governmental funds report unavailable revenues from one source, Real property parcel assessment fees. This amount is deferred and recognized as an inflow of resources in the period that the amounts become available in the governmental financial statements. The other type of deferred inflow is related to pension activity.

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

f. Deferred Outflows/Inflows of Resources (Continued)

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of Nevada (PERS) and additions to/deductions from PERS's fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

g. Compensated Absences

Vested or accumulated vacation and sick leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Estimated amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are reported in the government-wide financial statements. No expenditure is reported for these amounts in the fund financial statements.

h. Accrued Salaries and Benefits

District salaries earned but not paid by June 30, 2022, have been accrued as liabilities and shown as expenditures for the year ending June 30, 2022.

i. Governmental Fund Balances

In the governmental fund financial statements, fund balances may be classified as follows:

1. **Nonspendable** – Amounts that cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact, such as inventories and prepaids.
2. **Restricted** – Amounts that can be spent only for a specific purpose because of state or federal laws, or externally imposed conditions by grantors or creditors.
3. **Committed** – These amounts can only be used for specific purposes as set forth by the District Board. The Board must take formal action (vote approval by majority) in order to establish an ending fund balance commitment for any specific purpose. To be reported as committed, amounts cannot be used for any other purpose unless the Board takes the same highest-level action to remove or change the constraint.
4. **Assigned** – Assignments are neither restrictions nor commitments and represent the District's intent to use funds for a specific purpose. These assignments, however, are not legally binding and are meant to reflect intended future use of the District's ending fund balance. Intent can be expressed by the District Board or manager.
5. **Unassigned** – All amounts not included in other spendable classifications for the General Fund.

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

7. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance (Continued)

j. Fund Balance Flow Assumptions

When fund balance resources are available for a specific purpose in more than one classification, it is the District's policy to use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed.

k. Net Position Policies

In the government-wide statements, net position on the Statement of Net Position includes the following:

1. **Net Investment in Capital Assets** - This is the component of net position that reports the difference between capital assets less both the accumulated depreciation and the outstanding balance of debt, excluding unexpended proceeds, that is directly attributable to the acquisition, construction, or improvement of those assets.
2. **Restricted Assets** - This is the component of net position that reports the constraints placed on the use of assets by either external parties and/or enabling legislation.
3. **Unrestricted** - This is the component of net position that is the difference between the assets and liabilities not reported as net investment in capital assets or restricted assets.

l. Net Position Flow Assumption

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the District's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

m. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

n. New Accounting Pronouncement

The Governmental Accounting Standards Board issued Statement number 87, *Leases*, effective for fiscal year ended June 30, 2022. This statement establishes a single model for lease accounting based on the idea that leases are financings of the right-to-use an underlying asset. As such, under this Statement, a lessee is required to recognize a lease liability and an intangible lease asset, and the lessor is required to recognize a lease receivable and a deferred inflow of resources. The District implemented GASB Statement Number 87 in 2022 which had no material impact on the financial statements.

NOTE B - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

1. Compliance and Accountability

The District conformed to significant statutory requirements regarding financial administration during the year. Per NRS 354.626, the District is required to report expenditures that exceeded budgeted appropriations at the function level for the General Fund. The District had no expenditures that exceeded appropriations.

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE C - DETAILED NOTES ON ALL FUNDS

1. Pooled Cash and Investments

The majority of all cash and investments of the District are in the custody of the Nye County Treasurer. At June 30, 2022, this is displayed on the Statement of Net Position and on the governmental funds balance sheet as "Pooled Cash and Investments."

A reconciliation of cash and investments as shown on the Statement of Net Position for the District follows:

	Governmental Activities
Cash in the hands of officers	\$ 0
Pooled cash and investments - Nye County Treasurer	<u>680,777</u>
Total	<u>\$ 680,777</u>
Pooled cash and investments - Statement of Net Position	<u>\$ 680,777</u>

Cash and investments under the custody of the County Treasurer are invested as a pool. The County Treasurer may invest the money of the investment pool in investments which have been authorized as investments by Nevada Revised Statutes (see Note A7a). The District has not adopted a formal investment policy that would further limit its investment choices.

Investment gain or loss is apportioned to the District funds monthly based on the average balance invested for the month. The fair value of the District's investment in the Nye County Treasurer's Investment Pool was determined by multiplying the pool's fair value per share factor times the District's portion of pool balance as of June 30, 2022.

Interest Rate Risk: Interest rate risk is the risk of possible reduction in the value of a security, especially a bond, resulting from the rise in interest rates. To limit exposure to interest rate risk, the Nevada Revised Statutes limits bankers' acceptances to 180 days of maturities, repurchase agreements to 90 days, U.S. Treasuries and Agencies to less than 10 years, and commercial paper to 270 days maturity. The approximate weighted average maturity of investments in the Nye County Treasurer's investment pool was 4.14 years. Detailed information concerning the investment pool is in the annual financial report of Nye County, Nevada. As of June 30, 2022, District investments held in the Nye County Treasurer's investment pool are categorized as follows:

Investment Type	Fair Value	Investment Maturities (in years)			
		Less than 1	1 to 5	6 to 10	> 10
Negotiable Certificates of Deposit	12.82%	29.10%	54.28%	16.62%	0.00%
NV Local Government Investment Pool	0.64%	100.00%	0.00%	0.00%	0.00%
U.S. Agencies	79.30%	1.99%	52.97%	45.04%	0.00%
Money Market Mutual Funds	7.24%	100.00%	0.00%	0.00%	0.00%
	<u>100.00%</u>				

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

1. Pooled Cash and Investments (Continued)

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation and is a function of the credit quality ratings of its investments. The Nye County Treasurer investment pool includes instruments which have been authorized by Nevada Revised Statutes (**see Note A7a**). At June 30, 2022, the Nye County Treasurer's investment pool ratings were as follows:

Investment Type	Quality Ratings by Moody's	
	Aaa	N/A
Negotiable Certificates of Deposit	0%	100%
NV Local Government Investment Pool	0%	100%
U.S. Agencies	100%	0%
Money Market Mutual Funds	0%	100%

Custodial Credit Risk: Custodial credit risk is the risk that in the event of a bank or brokerage failure, the District's deposits may not be returned. The District's bank deposits are covered by FDIC insurance. Deposits in excess of FDIC insurance coverage in the Nye County Treasurer cash and investment pool are collateralized by securities held by the Office of the State Treasurer/Nevada Collateral Pool.

Concentrations of Credit Risk: Concentration of credit risk is defined as the risk of loss attributed to the magnitude of a government's investment in a single issuer. Investments with a single issuer within the Nye County Treasurer cash and investment pool that represent five percent or more of total investments as of June 30, 2022, are as follows:

Federal Farm Credit Bank	27.97%
Federal Home Loan Bank (FHLB)	27.38%
Freddie Mac	18.06%

The District reports investments at fair value and categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District has the following recurring fair value measurements as of June 30, 2022:

Investment Type	Fair Value	Level 1	Level 2	Level 3	N/A
Negotiable Certificates of Deposit	12.82%	0.00%	100.00%	0.00%	0.00%
NV Local Government Investment Pool	0.64%	29.56%	70.44%	0.00%	0.00%
U.S. Agencies	79.30%	0.00%	100.00%	0.00%	0.00%
Money Market Mutual Funds	7.24%	100.00%	0.00%	0.00%	0.00%
	<u>100.00%</u>				

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE C – DETAILED NOTES ON ALL FUNDS (Continued)

1. Pooled Cash and Investments (Continued)

Investment Income (Loss): Investment income (loss) is made up of interest income, net of fees to earn the interest, and net fair value gains and (losses). The table below includes the interest income net of fees, and net investment fair value gains and loss:

	Governmental Activities
Interest income	\$ 8,276
Unrealized fair value loss	(55,456)
Investment income (loss)	<u>\$ (47,180)</u>

2. Receivables

Below is the detail of receivables for the major fund as of June 30, 2022:

	General Fund
Receivables:	
Assessment fees	\$ 20,512
Interest	1,730
	<u>\$ 22,242</u>

3. Unavailable Revenue

Parcel assessment fees receivable not collected within sixty days after year-end are recorded as deferred inflows of resources as they are not available to pay liabilities of the current period. Unavailable revenue in the General Fund was \$18,318 as of June 30, 2022.

4. Long-term Debt

Changes in General Long-Term Liabilities

During the year ended June 30, 2022, the following changes occurred:

	Balance June 30, 2021	Additions	Deletions	Balance June 30, 2022	Due within one year
Governmental Activities:					
Compensated Absences	\$ 52,412	\$ 0	\$ 5,537	\$ 46,875	\$ 14,405
Net Pension Liability	190,458	0	51,257	139,201	0
Total Long-term Liabilities	<u>\$ 242,870</u>	<u>\$ 0</u>	<u>\$ 56,794</u>	<u>\$ 186,076</u>	<u>\$ 14,405</u>

Liabilities will be liquidated by the General Fund.

Nevada Revised Statutes (NRS) 542, Special and Local Acts, 2007, Section 8. - The District, created in 2011, has the power to incur indebtedness pursuant to NRS 271 and NRS 318 and to issue bonds and provide for medium-term obligations pursuant to NRS 350 for projects as stated in this section. For purposes of NRS 350.572, sections 1-12, inclusive, of this act do not expressly or impliedly require an election before the issuance of a security or indebtedness pursuant to NRS 350.500 to 350.720, inclusive, if the obligation is payable solely from pledged revenues, but an election must be held before incurring a general obligation.

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE D – OTHER INFORMATION

1. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District has joined together with other local governments throughout the State of Nevada to create a pool under the Nevada Interlocal Cooperation Act. The Nevada Public Agency Insurance Pool (NPAIP) is a public entity risk pool currently operating as a common risk management and insurance program for members. The District pays an annual premium to NPAIP for its property, casualty, crimes, and machinery insurance coverage. NPAIP is considered a self-sustaining risk pool that will provide liability coverage for its members up to \$10,000,000 per event and a \$10,000,000 annual aggregate per member. Property, crime, and equipment breakdown coverage is provided to its members up to \$300,000,000 per loss with various sub-limits established for earthquake, flood, equipment breakdown, and money and securities. As a participatory member, the maintenance deductible is \$500 for each insured event. Cyber security coverage is provided up to \$3,000,000 per event with an annual aggregate of \$3,000,000. Site pollution coverage is provided up to \$2,000,000 for each incident with an aggregate limit of \$10,000,000 and a \$25,000 maintenance deductible for each incident.

Workers' Compensation Insurance

The District has joined together with other local governments in Nye County to create a self-insurance pool. Annually an actuarially determined premium cost is obtained. Premiums charged are based on estimates of the amounts needed to pay actual and projected claims, to support self-insurance operational costs, and to establish a self-insured reserve for incurred losses. These costs are paid monthly from the District and other Nye County local governments.

The Self-Insured fund has purchased a surety bond in the amount of \$1,248,000 for the self-insured workers' compensation fund as a security deposit with the Nevada Division of Insurance. The security deposit is based on the total incurred costs of current and future claims as estimated by an actuarial study. Information concerning the self-insured internal service fund is available in the annual financial report of Nye County Nevada.

Unemployment Insurance

The District is self-insured for unemployment claims.

Health Insurance

The District purchases health care benefits for its employees through a commercial carrier.

2. Contingent Liabilities

Litigation

In the ordinary course of its operations, claims may be filed against the District. It is the opinion of management that these claims, if any, will not have any material adverse effect on the District's financial position, results of operation, or cash flows.

The District does not accrue for estimated future legal and defense costs, if any, to be incurred in connection with outstanding or threatened litigation and other disputed matters but rather, records such as period costs when services are rendered.

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE D – OTHER INFORMATION (Continued)

3. Pension Plan

Plan Description. District employees, who work half-time or greater, are provided pension benefits through the Public Employees' Retirement System of the State of Nevada (PERS), a cost sharing multiple-employer, defined benefit plan administered by the Public Employees' Retirement System of the State of Nevada. PERS provides retirement benefits, disability benefits, and death benefits, including annual cost of living adjustments, to plan members and their beneficiaries. NRS Chapter 286 establishes the benefit provisions provided to the participants of PERS. These benefit provisions may only be amended through legislation. The Public Employees' Retirement System of the State of Nevada issues a publicly available financial report that includes financial statements and required supplementary information for PERS that can be obtained at www.nvpers.org under Quick Links — Publications.

Benefits Provided. Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at the time of retirement and the member's highest average compensation in any 36 consecutive months. Vested members are entitled to a life-time monthly retirement benefit equal to the service time multiplier (STM) percentages listed below times the member's years of service to a maximum of 33 and 1/3 years. The schedule of Eligibility for Monthly Unreduced Retirement Benefits for regular members and police/fire members are as follows:

Eligibility for Regular Members:

Years of Service	Hired prior to 07/01/01		Hired between 07/01/01-12/31/09		Hired Between 01/01/10-07/01/15		Hired After 7/1/15	
	Age	STM%	Age	STM%	Age	STM%	Age	STM%
5 years	65	2.50%	65	2.67%	65	2.50%	65	2.25%
10 years	60	2.50%	60	2.67%	62	2.50%	62	2.25%
30 years	Any	2.50%	Any	2.67%	Any	2.50%	55	2.25%
33 1/3 years							Any	2.25%

Eligibility for Police and Fire Members:

Years of Service	Hired prior to 07/01/01		Hired between 07/01/01-12/31/09		Hired Between 01/01/10-07/01/15		Hired After 7/1/15	
	Age	STM%	Age	STM%	Age	STM%	Age	STM%
5 years	65	2.50%	65	2.67%	65	2.50%	65	2.25%
10 years	55	2.50%	55	2.67%	60	2.50%	60	2.25%
20 years	50	2.50%	50	2.67%	50	2.50%	50	2.25%
25 years	Any	2.50%	Any	2.67%				
30 years					Any	2.50%	Any	2.25%

* Only service performed in a position as a police officer or firefighter may be counted towards eligibility for retirement as Police/Fire accredited service.

Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits. The System offers several alternatives to the unmodified service retirement allowance which, in general, allows the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death. Post-retirement increases are provided by authority of NRS 286.575 - .579.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE D – OTHER INFORMATION (Continued)

3. Pension Plan (Continued)

Contributions: Benefits for plan members are funded under one of two methods. Under the employer pay contribution plan, the District is required to contribute all amounts due under the plan. The second funding mechanism for providing benefits is the employer/employee paid contribution plan. Under this method, employees are required to contribute a percentage of their contribution. PERS receives an actuarial valuation on an annual basis indicating the contribution rates required to fund the System on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450. The District's required contribution rate for the year ending June 30, 2022, was 29.75% shared equally by employer and employee. The District has fully funded the amounts due for the year ending June 30, 2022. For purposes of GASB No. 82, the District recognized only the employer portion as a deferred outflow.

The actuary funding method used is the Entry Age Normal Cost Method. It is intended to meet the funding objective and result in a relatively level long-term contribution requirement as a percentage of salary.

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions

At June 30, 2022, the District reported a liability of \$139,201 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's allocation percentage of the net pension liability was based on the total contributions due on wages paid during the measurement period. Each employer's proportion of the net pension liability is based on their combined employer and member contributions relative to the total combined employer and member contributions for all employers for the period ended June 30, 2021. The District's proportionate share of the net pension liability increased from 0.00137 percent at June 30, 2020 to 0.00153 percent at June 30, 2021.

For the year ended June 30, 2022, the District recognized pension income of \$3,244. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 11,607	\$ 737
Net difference between projected and actual earnings on pension plan investments	0	85,499
Changes of assumptions	34,789	0
Changes in proportion	10,868	2,840
District contributions subsequent to measurement date	8,016	0
Total	\$ 65,280	\$ 89,076

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE D – OTHER INFORMATION (Continued)

3. Pension Plan (Continued)

\$8,016 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:

2023	\$(12,169)
2024	(9,148)
2025	(8,668)
2026	(11,448)
2027	8,454
2028	1,167
	<u>\$(31,812)</u>

Actuarial Assumptions: The System's net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate	2.50%
Payroll Growth	Regular: 3.50%
	Police/Fire: 3.50%
Investment Rate of Return	7.25%, including inflation
Productivity pay increase	0.50%
Projected Salary increases	Regular: 4.20% to 9.10%, depending on service
	Police/Fire: 4.60% to 14.50%, depending on service
	Rates include inflation and productivity increases
Other assumptions	Same as those used in the June 30, 2021 funding actuarial valuation

Mortality rates were based on the following:

Healthy:	Regular Members: Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Table (separate tables for males and females) with rates increased by 30% for males and 15% for females, projected generationally with the two-dimensional monthly improvement scale MP-2020.
----------	---

The above listed mortality tables only provide rates for ages 50 and older. To develop mortality rates for ages 40 through 50, we have smoothed the difference between the rates at age 40 from the Pub-2010 General Employee Amount-Weighted Above-Median Mortality Tables and the rates at age 50 from the Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Tables. To develop the mortality rates before age 40, we have used the Pub-2010 General Employee Amount-Weighted Above-Median Mortality Tables rates. *

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE D – OTHER INFORMATION (Continued)

3. Pension Plan (Continued)

Mortality rates were based on the following (Continued):

Healthy (Continued): **Police/Fire Members:** Pub-2010 Safety Healthy Retiree Amount-Weighted Above-Median Mortality Table (separate tables for males and females) with rates increased by 30% for males and 5% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020.

The above listed mortality tables only provide rates for ages 45 and older. To develop mortality rates for ages 35 through 45, we have smoothed the difference between the rates at age 35 from the Pub-2010 Safety Employee Amount-Weighted Above-Median Mortality Tables and the rates at age 45 from the Pub-2010 Safety Healthy Retiree Amount-Weighted Above-Median Mortality Tables. To develop the mortality rates before age 35, we have used the pub-2010 Safety Employee Amount-Weighted Above-Median Mortality Tables rates. *

Disabled: **Regular Members:** Pub-2010 Non-Safety Disabled Retiree Amount-Weighted Mortality Table (separate tables for males and females) with rates increased by 20% for males and 15% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020.

Police/Fire Members: Pub-2010 Safety Disabled Retiree Amount-Weighted Mortality Table (separate tables for males and females) with rates increased by 30% for males and 10% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020.

Beneficiaries: **Regular and Police/Fire Current Beneficiaries in Pay Status:** Pub-2010 Contingent Survivor Amount-Weighted Above-Median Mortality Table (separate tables for males and females) with rates increased by 15% for males and 30% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020.

The above listed mortality table only provides rates for ages 45 and older. To develop mortality rates for ages 35 through 45, we have smoothed the difference between the rates at age 35 from the Pub-2010 General Employee Amount-Weighted Above-Median Mortality Tables and the rates at age 45 from the Pub 2010 Contingent Survivor Amount-Weighted Above-Median Mortality Tables. To develop the mortality rates before age 35, we have used the Pub-2010 General Employee Amount-Weighted Above-Median Mortality Tables rates. *

Regular and Police/Fire Contingent Beneficiaries: Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Table (separate tables for males and females) with rates increased by 30% for males and 15% for females, projected generationally with the two-dimensional mortality improvement scale MP-2020.

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE D – OTHER INFORMATION (Continued)

3. Pension Plan (Continued)

Mortality rates were based on the following (Continued):

Beneficiaries (Continued): The above listed mortality tables only provide rates for ages 50 and older. To develop mortality rates for ages 40 through 50, we have smoothed the difference between the rates at age 40 from the Pub-2010 General Employee Amount-Weighted Above-Median Mortality Tables and the rates at age 50 from the Pub-2010 General Healthy Retiree Amount -Weighted Above-Median Mortality Tables. To develop the mortality rates before age 40, we have used the Pub-2010 General Employee Amount-Weighted Above-Median Mortality Tables rates.*

For the mortality table applicable to contingent beneficiaries, “Approach 1” from the Society of Actuaries “Pub-2010 Public Retirement Plans Mortality Tables Report” was utilized. In particular, the mortality basis for contingent beneficiaries has been assumed to be the same mortality basis as the Healthy Regular retiree table listed above (except using rates applicable to the beneficiary’s gender) for both when the primary retiree is alive and is no longer alive.

The Pub-210 Amount-Weighted Mortality Tables (with loading factors as described above) reasonably reflect the projected mortality experience of the Plan as of the measurement date. The generational projection is a provision made for future mortality improvement.

Pre-Retirement

Regular Members: Pub-2010 General Employee Amount-Weighted Above-Median Mortality Table (separate tables for males and females), projected generationally with the two-dimensional mortality improvement scale MP-2020.

Police/Fire Members: Pub-2010 Safety Employee Amount-Weighted Above-Median Mortality Table separate tables for males and females). Projected generationally with the two-dimensional mortality improvement scale MP-2020.

* This methodology for developing an extended annuitant mortality table is similar to the method used by the IRS to develop the base mortality table for determining minimum funding standards for single-employer defined benefit pension plans under Internal Revenue Code Section 430. While Section 430 is not applicable to the System, we believe this is a reasonable method for developing annuitant mortality rates at earlier ages.

The Pub-2010 Amount-Weighted Mortality Tables reasonably reflect the projected mortality experience of the plan as of the measurement date. The generational projection is a provision made for future mortality improvement.

Actuarial assumptions used in the June 30, 2021 valuation were based on the results of the experience study for the period of July 1, 2016 through June 30, 2020.

The System's policies which determine the investment portfolio target asset allocation are established by the Public Employees’ Retirement Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of the System.

**NYE COUNTY WATER DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEAR ENDED JUNE 30, 2022**

NOTE D – OTHER INFORMATION (Continued)

3. Pension Plan (Continued)

The following was the Board adopted policy target asset allocation as of June 30, 2021:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Geometric Expected Real Rate of Return*</u>
U.S. Stock	42%	5.50%
International Stock	18%	5.50%
U.S. Bonds	28%	0.75%
Private Markets	12%	6.65%

*As of June 30, 2021, PERS' long-term inflation assumption was 2.50%

Discount Rate: The discount rate used to measure the total pension liability was 7.25% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made in amounts consistent with statutory provisions and recognizing the plan's current funding policy and cost-sharing mechanism between employer and members. For this purpose, all contributions that are intended to fund benefits for all plan members and their beneficiaries are included, except that projected contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included.

Based on that assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2021.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate:

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percent higher or lower than the current rate.

	<u>1.0% Decrease (6.25%)</u>	<u>Discount Rate (7.25%)</u>	<u>1.0% Increase (8.25%)</u>
District's proportionate share of the net pension liability	\$ 277,143	\$ 139,201	\$ 25,409

Pension Plan Fiduciary Net Position: Detailed information about the pension plan's fiduciary net position is available in the PERS Comprehensive Annual Financial Report, available on the PERS website.

Pension contributions payable. At June 30, 2022, the District reported payables to the defined benefit pension plan of \$1,059 for legally required employer contributions which had not yet been remitted to PERS.

4. Postemployment Health Care Plan

The District does not offer postemployment health care benefits to its employees.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Board Members
Nye County Water District
Pahrump, Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of Nye County Water District (the District), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated March 27, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink, appearing to read "Daniel McHugh". The signature is fluid and cursive, with a large initial "D" and a stylized "M".

INDEPENDENT AUDITOR'S COMMENTS

Honorable Board Members
Nye County Water District
Pahrump, Nevada

In connection with our audit of the financial statements of the governmental activities, and the major fund of Nye County Water District (the District) as of and for the year ended June 30, 2022, nothing came to our attention that caused us to believe that the District failed to comply with the requirements of the Nevada Revised Statutes noted below. However, our audit was not directed primarily toward obtaining knowledge of such compliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the Nevada Revised Statutes referenced below, insofar as they relate to accounting matters.

CURRENT YEAR STATUTE COMPLIANCE

The Nye County Water District conformed to all significant statutory constraints on its financial administration during the year as identified in Note B1 of the accompanying financial statements.

PROGRESS ON PRIOR YEAR STATUTE COMPLIANCE

The District did not have compliance findings in the prior year.

PRIOR YEAR RECOMMENDATIONS

We noted no material weakness and no significant deficiency in internal controls.

CURRENT YEAR RECOMMENDATIONS

We noted no material weakness and no significant deficiency in internal controls.

Las Vegas, Nevada
March 27, 2023
