<b>Action requested:</b> (Include what, with whom, when, where, why, and terms)  Discussion and deliberation to adopt, amend and adopt, or reject Nye County Resolution No. 2024-30: A Resolution amending and enacting the schedule of fees required by Nye County Code Title 8, titled Health and Safety, Chapter 24, titled Solid Waste Management, Sections 240 Fees for Disposal of Solid Waste at Facilities, 440 Application, Monitoring and Load Fees, and 580 Application, Monitoring and Load Fees.	
<b>Complete description of requested action:</b> (Include, if applicable, background, impact, long-term commitment, existing county policy, future goals, obtained by competitive bid, accountability measures) The landfill fee fund is currently facing a budget shortfall of approximately \$736,000.00. This can be attributed to many things which include: <ul style="list-style-type: none"><li>- Increased cost to operate the Landfills</li><li>- Increased financial assurance for the closure of these landfills</li><li>- Inflation</li><li>- The parcel fee has been relatively the same since 2002</li></ul> Some of our landfills are projected to be at capacity within the next 15 years which will require expanding or resiting a landfill. The current shortfall needs to be remedied in order to maintain what we currently operate and plan for future expansions.	
<b>Recommendation:</b> Staff recommends adopting Resolution.
