Presented by: Stephanie Urga	**Phone:** (775) 751-4281

Action requested: (Include what, with whom, when, where, why, and terms)

Quarterly progress report provided by Kat Galli with Tonopah Development Corporation DBA Tonopah Main Street, regarding program status, outcome results, a budget status report and future goals pursuant to the Nye County ARPA Recovery Plan and Policy: Economic Impacts for Tourism.

Complete description of requested action: (Include, if applicable, background, impact, long-term commitment, existing county policy, future goals, obtained by competitive bid, accountability measures)

Pursuant to the Nye County ARPA Recovery Plan and Policy each sub-grantee with approved programs shall come before the Board of Nye County Commissioners (BoCC) to present program status, outcome results, a budget status report and future goals. Since no expenses were incurred last quarter we are presenting this item for consent. Once the remaining funds are disbursed a final in-person report will be presented.

On May 2, 2023 the BoCC approved the request from Tonopah Development Corporation DBA Tonopah Main Street for $52,400.00 to support their community program. The remaining balance of grant funds is $2,400.00.

The grant has been extended through June 30, 2026.

1.) What did you accomplish during this reporting period and how did these accomplishments help you reach your stated project goal(s) and objective(s). Please note any significant project partners and their role in project activities.

We continued adding content to the two websites and making layout changes as needed. We also continued to research additional content that will be uploaded "as we go". The mobile version still needs to be modified quite a bit. We have created all QR codes and plaque texts. The plaques are going into production and will be installed this spring.

2.) What, if any, challenges did you face during this reporting period and what actions did you take to address these challenges? Please note in your response; changes, if any, to your project goal(s), objective(s), or activities that were made as a result of challenges faced.

Our challenge has been to continue all of the research while hosting events, trainings for small businesses, attending conferences, etc. The approved extension allows us to not rush and ensure that our content is the best it can be and serves as a tourism asset. Once the plaques are installed, we can commence the social media marketing used to attract visitors for 2025.

3.) How have the activities conducted during this project period helped you to achieve the measurable outcomes identified in your project proposal?

We increased our cemetery listing from 22 to 29 and have more content "behind the scenes". We have 15 buildings listed but are working on the content for 17 additional ones. We have 20 murals and monuments listed.

4.) What was produced during the reporting period and how have these products been disseminated? Products may include articles, issue briefs, fact sheets, newsletters, survey instruments, sponsored conferences and workshops, websites, audiovisuals, and other informational resources.

Both websites have been live for a year now but we continue to add content and change the layout. The mobile versions will be finalized when more of the uploads have been completed. We have already received multiple emails with positive feedback regarding the websites. We encourage people to regularly check back as content will be added continuously.

The websites are OldTonopahCemetery.com and HistoricTonopah.com.
