C. ELIGIBLE AND INELIGIBLE USES OF FUNDS

a) Eligible Uses

Section 605(c) provides flexible support for eligible revenue sharing counties and eligible Tribal governments to meet their jurisdictions' needs. Specifically, the statute directs that recipients may use funds for any governmental purpose other than a lobbying activity.

As a general matter, recipients may treat these funds in a similar manner to how they treat funds generated from their own local revenue. Programs, services, and capital expenditures that are traditionally undertaken by a government are considered to fulfill a "governmental purpose." For Tribal governments, investing in activities undertaken by Tribal enterprises, such as operating or capital expenditures for businesses that are owned or controlled by a Tribal government, are considered a governmental purpose. However, the LATCF funds may not be used for lobbying activities.

A non-exhaustive list of example activities that fulfill a governmental purpose include, but are not limited to:

- Provision of health services, educational services, court services, police, fire, emergency medical, and other public safety services, utilities or sanitation services, and direct assistance to households (including cash assistance);
 - Capital expenditures on core facilities and equipment, including in housing and community development (e.g., schools, hospitals, childcare facilities, and parks and recreation facilities), public safety facilities and equipment (e.g., police vehicles), and government administration buildings;
 - Infrastructure investments, including roads, bridges, water and sewer systems, utility systems, airports, public transit, and technology infrastructure;
-
