## **NYE COUNTY BOARD OF COUNTY COMMISSIONERS STAFF REPORT**

**Meeting Date: December 16, 2025**

**Prepared By: Karyn Smith**

**Agenda Item: Accept a Funding Agreement with NyE Communities Coalition to provide funding for a case manager, case worker and services to the community through the FASTT/MOST Program for calendar year 2026 in the amount of \$94,855.**

### **BACKGROUND**

Nye County Health and Human Services has partnered with NyE Communities Coalition since 2020 for the Community Deflection program to provide case management to inmates at the Nye County Detention Center to prevent recidivism by removing barriers through referrals, transportation, education, etc.

A Memorandum of Understanding between Nye County Sheriff Office and NyE Communities Coalition will be signed to collaborate in supporting the Forensic Assessment Services Triage Team (FASTT) and Mobile Outreach Safety Team (MOST) programs by providing screening, transition planning, case management and referral services for individuals involved in the justice system.

The foundation of this program is the FASTT Program, which aims to assist individuals in detention centers in planning and preparing for successful reentry by addressing the criminal risk factors that perpetuate the cycle of reincarceration.

This agreement will run from January 1, 2026, to December 31, 2026.

## **MEMORANDUM OF UNDERSTANDING**

**BETWEEN  
NYE COMMUNITIES COALITION (NyECC)  
AND  
NYE COUNTY SHERIFF'S OFFICE (NCSO)**

This Memorandum of Understanding ("MOU") is made and entered into by and between Nye County Sheriff's Office ("NCSO") and Nye Communities Coalition ("NyECC").

### **WHEREAS,**

NCSO and NyECC desire to collaborate in supporting the Forensic Assessment Services Triage Team (FASTT) and Mobile Outreach Safety Team (MOST) programs by providing screening, transition planning, case management, and referral services for individuals involved in the justice system; and

The Deflection Program serving Nye County communities has been active in our community for over four years. The foundation of this program is the FASTT Program, which aims to assist individuals in detention centers in planning and preparing for successful reentry by addressing the criminal risk factors that perpetuate the cycle of reincarceration.

Additionally, timely responses are provided at the request of law enforcement officers in the field for individuals with behavioral health needs that do not constitute a criminal offense

Individuals with behavioral health needs spend a statistically higher number of days incarcerated compared to those without such needs and are more likely to return to incarceration due to noncompliance with court obligations, such as failing to appear at a designated date and time. This cycle places a significant financial burden on the county and its jails.

NyECC has the necessary expertise and resources to provide such services and support NCSO; and NCSO has access to individuals in the jails and community that may need these services.

**NOW, THEREFORE,** in consideration of the mutual understanding contained herein, the parties agree as follows:

### **1. Effective Date and Term of MOU**

This MOU shall become effective on January 1, 2026, and shall remain in effect until December 31, 2026, unless modified or terminated earlier as provided herein. This MOU may be renewed annually upon mutual written consent.

### **2. Roles and Responsibilities**

#### **A. Nye Communities Coalition (NyECC)**

1. Provide trained FASTT staff utilizing evidence-based practices related to criminogenic risk and behavioral health needs.
2. Screen individuals referred by NCSO at the Nye County Jail or upon their release.
3. Develop and implement transition plans for eligible individuals.
4. Support individuals transitioning from incarceration by providing service connection and case management.

#### **B. Nye County Sheriff's Office (NCSO)**

1. Provide NCSO approved NyECC FASTT staff access to inmates at the Nye County Jail for screening and case management purposes.
2. Grant inmate access to referral technology (communication pads) to facilitate program implementation.
3. For MOST, facilitate the connection of individuals to NyECC staff through direct referrals and coordination.

#### **C. Both Parties (NCSO & NyECC)**

Both parties acknowledge and agree that:

1. NyECC and NCSO are autonomous organizations and shall not interfere with each other's operational procedures or decision-making authority.
2. NCSO is not obligated to grant NyECC access to jail facilities, inmates, or referral systems unless explicitly approved by NCSO.
3. NyECC is not required to provide services to any specific individual or group and retains the discretion to determine service eligibility from those individuals referred from the NCSO jail or deputies.
4. NyECC staff or contractors will not ride along with NCSO.

### **3. Confidentiality**

Both parties agree to maintain the confidentiality of all individuals served under this MOU in compliance with applicable laws and regulations.

### **4. Modification and Termination**

Either party may modify or terminate this MOU with thirty (30) days' written notice to the other party.

### **5. Non-Financial Obligation**

This MOU does not create a financial obligation between the parties unless separately agreed upon in writing.

### **6. Governing Law**

This MOU shall be governed and construed under the laws of the State of Nevada.

**IN WITNESS WHEREOF, the parties have executed this Memorandum of Understanding as of the dates set forth below.**
