Section 3 Clause

ALL SECTION 3 COVERED CONTRACTS SHALL INCLUDE THE FOLLOWING CLAUSE (REFERRED TO AS THE SECTION 3 CLAUSE):

A. The work to be performed under this contract is subject to the requirements of section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

B. The parties to this contract agree to comply with HUD's regulations in 24 CFR 75, which implement Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 75 regulations.

C. The contractor agrees to send to each labor organization or representative or workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 CFR 75, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR 75. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR 75.

E. The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR 75 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR 75.

F. Noncompliance with HUD's regulations in 24 CFR 75 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with Section 3 covered Indian housing assistance, section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment

shall be given to Indians, and (ii) preference in the award of contracts and subcontracts shall be given to Indian organizations and Indian-owned Economic Enterprises. Parties to this contract that are subject to the provisions of Section 3 to the maximum extent feasible, but not in derogation of compliance with section 7(b).

The Community Development Block grant (CDBG) programs require loan recipients to use iron, steel, manufactured goods, and construction materials that are produced in the United States in a manner that complies with the Build America, Buy America (BABA) requirement for projects that involve the construction, alteration, maintenance, or repair of a public water system or treatment works. For more information about BABA requirements and authorization, visit the U.S. Environmental Protection Agency (EPA)'s website:

<https://www.epa.gov/cwsrf/build-america-buy-america-baba>.

As a bidder for the project listed above, I certify that I have read, understand, and will comply with the "Build America, Buy America" provisions as required by federal law. Furthermore, I understand that BABA provisions apply to any and all portions of this project, including subcontracted portions and that I certify to the best of my knowledge and belief that I will identify domestic sources of BABA-covered products, provide verification documentation for BABA-compliance, and when needed provide waiver documentation per current EPA guidance.

I understand that a false statement on this certification may be grounds for rejection or termination of any award.

Instructions

PURPOSE: The Bidder's *"Build America, Buy America" Certification* is used to certify that, as required by federal law, all of the iron, steel, manufactured products, and construction materials permanently incorporated into a project funded with assistance by the Community Development Block Grant program are produced in the United States in a manner that complies with the BABA requirement, unless a waiver is granted by the Office of Management and Budget (OMB) or the U.S. Environmental Protection Agency (EPA).

GENERAL INFORMATION Build America, Buy America (BABA) guidance requires the following Buy America preference:

1. All iron and steel used in the project are produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
2. All manufactured products used in the project are produced in the United States. This means the manufactured product was manufactured in the United States, and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation.
3. All construction materials are manufactured in the United States. This means that all manufacturing processes for the construction material occurred in the United States.

Additional information, including any published waivers, is posted on the EPA website, <https://www.epa.gov/cwsrf/build-america-buy-america-baba>.

INSTRUCTIONS: The contractor bidding on a project funded in whole or in part by the CDBG will enter the CDBG project number, name, and project sponsor's name (utility, town, etc.).

Certify that the contractor will comply with BABA requirements by signing the form. Include the date, name, and title of the bidder, name of bidder's company, bidder's address, and bidder's telephone number. Please note that BABA covered materials to be supplied by a subcontractor must be BABA compliant as well.

The Project Sponsor must submit this form from the winning bidder (typically as part of the bid package) by email to the CDBG Project Administrator.

DHEC REVIEW AND FILING: The CDBG program will use this form to document bidder compliance with BABA. The form will be kept in the Bidding file for the named project and will be retained for three years following the final CDBG disbursement to the project's Sponsor.

Appendix A: Iron and Steel Products
